Safety Instruction Guide for STANDARD DOT TRITIUM SIGHTS FOR RUGER® XS SIGHT SYSTEMS

Introduction

Thank you for choosing the STANDARD DOT TRITIUM SIGHTS for your Ruger® LCR .38/.357. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this guide thoroughly before installation and usage.

General Safety Guidelines

- Ensure that all firearms are handled with care and in accordance with local laws and regulations.
- Always treat every firearm as if it is loaded.
- Keep firearms and ammunition out of reach of children and unauthorized users.
- Use appropriate eye and ear protection when using firearms equipped with these sights.
- Regularly inspect your sights for any signs of damage or wear.
- If you notice any issues, do not use the firearm until it has been inspected by a qualified gunsmith.

Specific Safety Precautions for Use

- The Tritium insert is designed for lowlight visibility. However, it is not a substitute for proper firearm training.
- Avoid exposing the sights to extreme temperatures or harsh chemicals, as this may affect their performance.
- Do not attempt to modify or disassemble the sights, as this could lead to malfunction or injury.
- Always ensure that your sights are properly aligned before using your firearm.
- If you experience difficulty in sight acquisition, consult a qualified gunsmith for assistance.

Instructions for Installation and Usage

1. Installation

- Ensure that your firearm is unloaded before beginning the installation process.
- Use the appropriate tools for installation as recommended by the manufacturer.
- Carefully remove the existing front sight from your Ruger® LCR®.
- Install the new STANDARD DOT TRITIUM SIGHT by following these steps:
 - Align the sight with the mounting area.
 - Secure the sight according to the manufacturer's specifications.
- Gunsmith installation is recommended to ensure proper fit and function.

2. Usage

- Familiarize yourself with the sighting system in a safe environment before engaging in livefire practice.
- Practice sight alignment and acquisition regularly to maintain proficiency.
- Always check the sights after any significant impact or drop to ensure they are secure and functioning correctly.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding hazardous materials.
- Do not dispose of the sights in regular household waste, as they may contain materials that require special handling.

- If you are unsure about disposal methods, consult your local waste management authority for guidance.

Contact Information for Further Support

For any inquiries regarding safety concerns, product information, or technical support, please refer to the manufacturer's contact details provided with your product packaging.

By following these instructions and guidelines, you can ensure the safe and effective use of your STANDARD DOT TRITIUM SIGHTS. Thank you for prioritizing safety and responsible firearm handling.
