

F8 NIGHT SIGHTS FOR CZ P10 - XS SIGHT SYSTEMS F8 NIGHT SIGHT SET, CZ P10

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

Designed as a More-Traditional Aiming Solution for Your CZ P10

Unlike the company's Big Dot line of sights, the XS Sights F8 Night Sights use a more-traditional front-sight post combined with a rear notch for handgunners who are looking for something a bit more in-line with other sighting systems on the market. However, this pair of iron sights still retains several benefits developed from XS Sights' extensive experience in the world of handgun optics. Each pair of XS Sights F8 Night Sights include a large, high-contrast front sight that can be picked up easily during a draw stroke. This front sight features a green tritium lamp that glows brightly in darkness, and the lamp is surrounded by a photoluminescent orange ring that charges in daylight, giving you a bright aiming dot when moving into low-light conditions. Other features found on the XS Sights F8 Night Sights include an overhang on the rear sight ledge, which reduces glare in bright sunlight. The rear sight also features a flat ledge that can be used for one-handed slide manipulations. This sight set won't interfere with any of today's popular holster designs, and the sight installs through the use of a standard sight-pusher tool.

Safety Instruction Guide for F8 Night Sights for CZ P10

Introduction

Thank you for choosing the F8 Night Sights for your CZ P10. This guide provides essential safety instructions and information to ensure the safe use and installation of your new sights. Please read this guide carefully before use.

General Safety Guidelines

- **Product Safety:** Ensure that your F8 Night Sights are installed correctly to avoid any potential hazards during use.
- **Enhanced Recalls:** Stay informed about any recalls related to this product. If you receive a recall notice, follow the instructions provided.
- **Online Shopping:** When purchasing online, make sure to buy from reputable sellers who comply with safety regulations.
- **Special Consumer Focus:** These sights are designed for adult users. Keep them out of reach of children to prevent misuse or accidents.
- **EU Contact Point:** For any safety inquiries, refer to the contact information provided by your retailer or manufacturer.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on product safety and recalls.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper installation may lead to inaccurate aiming and potential accidents.
 - Using sights that are damaged or improperly maintained can impair performance.
- **Avoiding Hazards:**
 - Always inspect your sights before use to ensure they are in good condition.
 - Do not attempt to modify the sights in any way.
 - Ensure that the sights are securely installed before using your firearm.

Instructions for Installation and Usage

- **Installation Instructions:**
 1. Gather the necessary tools: a standard sightpusher tool.
 2. Ensure your firearm is unloaded and pointed in a safe direction.
 3. Remove the existing sights from your CZ P10 using the sightpusher tool.
 4. Align the F8 Night Sights with the mounting points on your firearm.
 5. Use the sightpusher tool to install the new sights securely.
 6. Check the alignment of the sights before use.
- **Usage Instructions:**
 - Familiarize yourself with the sight picture provided by the F8 Night Sights.
 - Practice aiming in various lighting conditions to understand how the sights perform in low light.
 - Maintain proper firearm handling practices at all times.

Disposal Instructions

- Dispose of any packaging materials responsibly and in accordance with local regulations.
- If you need to dispose of the sights, check with local waste management services for proper disposal methods for firearm accessories.

Contact Information for Further Support

For any questions or concerns regarding the F8 Night Sights, please refer to the contact information provided by your retailer or manufacturer. It is important to have access to support for any safetyrelated inquiries.

By following these guidelines, you can ensure a safe and effective experience with your F8 Night Sights. Thank you for your attention to safety.
