

DXT2 BIG DOT FOR SIG 365 - XS SIGHT SYSTEMS DXT2 BIG DOT YELLOW SIG P365

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

A Large Front Sight That'll Aid in Effective Aiming

Winning a gunfight and effectively defending your life requires solid front-sight focus, and the team at XS Sights understands how essential that front sight is on a small, defensive handgun. That led to the development of the XS Sights DXT2 Big Dot night sights, which is not only aimed easily in daylight, but also in nighttime and low-light environments. Each pair of XS Sights DXT2 Big Dot night sights are built with a tritium-illuminated, round front sight that allow for fast targeting in the dark, while a photoluminescent ring around the tritium lamp also allows for easy aiming when moving from bright to dark environments. The front sight is combined with the company's rear-sight design that incorporates a vertical, tritium-illuminated stripe. When it comes to aiming, getting your gun on target is fast and instinctive: just dot the i! The XS Sights DXT2 Big Dot night sights are constructed with a shallow rear notch for a greater field of view, and the sight is designed for rapid aiming at targets inside of 15 yards. This particular pair of DXT sights are built for the popular SIG Sauer P365. The sights fit all common holsters and may require filing to fit into the dovetail.

Safety Instruction Guide for DXT2 Big Dot for SIG 365 XS Sight Systems

Introduction

Thank you for choosing the DXT2 Big Dot night sights for your SIG Sauer P365. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before installation and usage.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a sighting system for firearms.
- Always handle firearms with care and follow all applicable laws and regulations regarding firearm safety.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the sights for any signs of wear or damage. Do not use if damaged.
- Report any unsafe products or accidents to the relevant authorities.
- Stay updated on recall notices by checking the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that your firearm is unloaded before installing or adjusting the sights.
- Avoid pointing the firearm at yourself or others during installation and usage.
- Use the sights only in appropriate lighting conditions for optimal performance.
- Be aware of your surroundings and ensure a safe shooting environment.
- If you experience difficulty aiming or if the sights appear misaligned, consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. Ensure your firearm is unloaded.
2. Remove the existing sights from your SIG P365 according to the manufacturer's instructions.
3. Position the DXT2 Big Dot sights in the dovetail mount.
4. If necessary, file the sights for a proper fit. Ensure a snug fit to prevent movement during use.
5. Secure the sights in place using appropriate tools, ensuring they are properly aligned.

Usage

- When aiming, focus on the front sight to enhance accuracy.
- The tritiumilluminated front sight provides visibility in lowlight conditions.
- Use the photoluminescent ring to assist aiming when transitioning from bright to dark environments.
- Practice aiming at targets within 15 yards for optimal performance.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and hazardous materials.
- Do not incinerate or expose the product to extreme heat.
- If the product is damaged or no longer in use, consult your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or support regarding the DXT2 Big Dot sights, please refer to the manufacturer's website or customer service for assistance.

Thank you for prioritizing safety while using the DXT2 Big Dot night sights. Your attention to these guidelines helps ensure a safe and enjoyable experience.
