

# **DXT2 BIG DOT FOR S&W M&P - XS SIGHT SYSTEMS DXT2 BIG DOT SIGHT SET FOR S&W M&P ORANGE**

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

Getting an accurate, first-round hit in a self-defense situation is critical, and having the right sights to get the job done is paramount. The design behind XS Sights DXT2 Big Dot night sights ensures that handgun owners can get their pistols on-target faster and easier than ever before. Each pair of XS Sights DXT2 Big Dot night sights are built with a tritium-illuminated, round front sight that allow for fast targeting in the dark, while a photoluminescent ring around the tritium lamp also allows for easy aiming when moving from bright to dark environments. The front sight is combined with the company's rear-sight design that incorporates a vertical, tritium-illuminated stripe. When it comes to aiming, getting your gun on target is fast and instinctive: just dot the i! The XS Sights DXT2 Big Dot night sights are constructed with a shallow rear notch for a greater field of view, and the sight is designed for rapid aiming at targets inside of 15 yards. This particular pair of DXT sights are constructed for use on the Smith & Wesson line of M&P double-stack handguns, as well as the SD-VE guns. The sights fit all common holsters and may require filing to fit into the dovetail.

# DXT2 Big Dot Sight Set Safety Instruction Guide

## Introduction

Thank you for choosing the DXT2 Big Dot Sight Set for your Smith & Wesson M&P handguns. This guide provides essential safety instructions and usage guidelines to ensure the safe and effective use of your new sights. Please read this document carefully and keep it for future reference.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before installing or using the DXT2 Big Dot sights.
- Always treat your firearm as if it is loaded, even if you believe it to be unloaded.
- Store your firearm and sights in a secure location, out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Always wear appropriate eye and ear protection when handling firearms.
- Be aware of your surroundings and ensure you have a clear and safe area to practice shooting.

## Specific Safety Precautions for Use

- The DXT2 Big Dot sights are designed for use with Smith & Wesson M&P doublestack handguns and SDVE models. Do not attempt to use them with other firearm models unless specified.
- Ensure that the sights are properly installed before use. Improper installation may lead to inaccurate targeting or malfunction.
- Avoid using the sights in conditions that may impair visibility, such as extreme darkness or bright glare, without proper training.
- Regularly inspect the sights for damage or wear. Replace them if any issues are found.
- If you experience any difficulties with the sights or your firearm, seek assistance from a qualified gunsmith.

## Instructions for Installation and Usage

### Installation Instructions

1. **Gather Necessary Tools:** You will need a sight pusher tool or a punch and hammer for installation, as well as a small file for adjustments if necessary.
2. **Ensure Safety:** Before beginning the installation, ensure that your firearm is unloaded and pointed in a safe direction.
3. **Remove Existing Sights:** If replacing existing sights, carefully remove them using the sight pusher tool or punch. Take care not to damage the dovetail.
4. **Install Front Sight:** Align the DXT2 Big Dot front sight in the dovetail and press it into place. Ensure it is secure and properly aligned.
5. **Install Rear Sight:** Align the rear sight with the dovetail and press it into place. Adjust as necessary for alignment with the front sight.
6. **Test Fit:** After installation, test the fit of the sights in your holster. You may need to file the dovetail for a perfect fit.
7. **Final Check:** Ensure all screws and components are tight and secure.

### Usage Instructions

- To aim effectively with the DXT2 Big Dot sights, focus on the front sight dot while aligning it with the target.
- The tritiumilluminated front sight allows for quick targeting in lowlight conditions, while the photoluminescent ring aids visibility in varying light.
- Practice regularly to become familiar with the sight picture and improve your accuracy.

## Disposal Instructions

- When disposing of the DXT2 Big Dot sights, follow local regulations for the disposal of firearm accessories.
- If the sights are damaged or no longer usable, consider contacting a local recycling center that accepts metal components.

## Contact Information for Further Support

For any questions or concerns regarding the DXT2 Big Dot Sight Set, please refer to the manufacturer's website or contact your point of purchase for assistance. Ensure that you have your purchase details available for reference.

By following these safety instructions, you can ensure a safe and enjoyable experience with your DXT2 Big Dot Sight Set. Always prioritize safety and responsible firearm handling. Thank you for your attention to these important guidelines.
