

# R3D NIGHT SIGHTS FOR GLOCK® - XS SIGHT SYSTEMS R3D NIGHT SIGHTS FOR GLOCK 17/19/22/24/26/27/31/36/38 GREEN

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

XS® R3D Night Sights feature a traditional 3-dot tritium, notch and post sight picture. The blacked out rear increases contrast against the front sight.

Available in orange or green, the front sight ring is equipped with their Ember™ Glow Dot Technology which absorbs ambient light and glows in low light. R3D sights are the brightest options for fast and accurate shooting in bright and low light. Green is the best option for low light and has the brightest glow intensity. Orange contrasts the best in bright light settings while still maintains visibility in low light. The front sight tritium lamp is brighter than the 2 rear sight lamps, reducing the possibility of mixing up the front sight tritium vial with a rear sight vial in low/no light. The front blade measures 0.145" (3.68 mm) wide, and the rear notch is 0.170" (4.32 mm) wide, which increases the visibility of the front sight. R3D sights are installable by sight pusher tools or by using a hammer and punch.

## Attributes

- Name: [XS SIGHT SYSTEMS R3D NIGHT SIGHTS FOR GLOCK 17/19/22/24/26/27/31/36/38 GREEN](#)

# R3D Night Sights for Glock® Safety Instruction Guide

## Introduction

Thank you for purchasing the R3D Night Sights for Glock. These sights are designed to enhance your shooting experience in various lighting conditions. This safety instruction guide provides essential information to ensure the safe and effective use of your new product. Please read this guide carefully before installation and usage.

## General Safety Guidelines

- Ensure that the product is used only as intended and in accordance with the manufacturer's instructions.
- Always handle firearms and accessories with care and respect.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the sights for any signs of damage or wear before use.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Use the R3D Night Sights only on compatible Glock models: 36, 17, 19, 22, 24, 26, 27, 31, 38.
- Avoid using the sights in extreme environmental conditions, such as excessive moisture or extreme temperatures.
- Ensure that the firearm is unloaded before installing or adjusting the sights.
- Be aware that the brightness of the tritium lamp may vary based on environmental factors and age of the sights.
- Do not attempt to disassemble or modify the sights, as this may compromise their safety and functionality.

## Instructions for Installation and Usage

### 1. Installation:

- Gather necessary tools: sight pusher tools or a hammer and punch.
- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing sights according to the manufacturer's instructions.
- Align the new R3D Night Sights with the sight dovetail.
- Use the sight pusher tool or carefully tap the sights into place with a hammer and punch.
- Ensure the sights are securely installed and properly aligned.

### 2. Usage:

- Familiarize yourself with the sight picture before using the firearm.
- Practice shooting in both bright and low light conditions to understand how the sights perform.
- Regularly clean the sights to maintain visibility and functionality.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic and hazardous waste.
- Do not throw the product in regular household waste.
- Check with local authorities for proper disposal methods for tritiumbased products.

## **Contact Information for Further Support**

For any questions or concerns regarding the R3D Night Sights for Glock, please consult the manufacturer's website or contact your local dealer for assistance. Ensure to keep this guide for future reference.

By following these safety instructions, you can ensure a safe and enjoyable experience with your R3D Night Sights for Glock. Thank you for choosing our product.
