# NO. 150 SMALL SPRING WIRE SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the NO. 150 Small Spring Wire Assortment. This product is designed for crafting small springs, including music, spring, and piano wire applications. To ensure your safety and the safe use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that you are using the product in a safe environment free from hazards.
- Always inspect the wire before use for any signs of damage or defects.
- Use the wire only for its intended purpose, as specified in the product description.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product incidents or accidents to the appropriate authorities.
- Stay informed about any product recalls or safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling the wire.
- Avoid using excessive force when bending or shaping the wire to prevent injuries.
- Be cautious of sharp edges that may result from cutting or bending the wire.
- Do not use the wire near flammable materials or in environments where sparks may pose a risk.
- Ensure that your workspace is welllit and organized to minimize the risk of accidents.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before starting your project.
- Ensure that your workspace is clean and free of distractions.

### 2. Cutting the Wire:

- Use wire cutters to cut the desired length of wire.
- Always cut away from your body to avoid injury.

### 3. Bending the Wire:

- Handbend the wire to achieve the desired shape.
- Use pliers if additional leverage is needed, but avoid excessive force.

### 4. Creating Springs:

- Follow the specific design or blueprint for the spring you intend to create.
- Make sure to maintain consistent tension while winding the wire to ensure uniformity.

### 5. Final Inspection:

- After completing your project, inspect the springs for any sharp edges or defects.
- Dispose of any leftover wire scraps safely to prevent accidents.

## **Disposal Instructions**

- Dispose of any unused wire or scraps in accordance with local waste disposal regulations.
- Do not dispose of the wire in recycling bins unless specifically marked for metal recycling.
- Ensure that all wire pieces are securely contained to prevent injuries to others.

## **Contact Information for Further Support**

For any safety inquiries or product support, please reach out to the designated contact point in your region. This information can typically be found on the product packaging or the manufacturer's website.

By following these safety instructions, you can help ensure a safe and enjoyable experience while using the NO. 150 Small Spring Wire Assortment. Thank you for your attention to safety!
