## Covers All Polishing Needs From Coarse Grit To Mirror Finish

Polishing abrasives have a myriad of uses in the shop. Cream Bobbing abrasive is coarse and aggressive for starting on metals with a rough surface. Brown Tripoli general purpose compound is a medium abrasive and safe for all metals. Gray Star is a medium cutting compound for harder metals like steel. White Ice is a fine abrasive compound for softer metals that require a delicate touch or as the final step in polishing steel. Green Flexible Multi-Purpose has a medium-to-fine cut and is safe for all metals; a good, all-around polish. Plastic Blue gives a mirror-smooth finish to acrylic, plastic, or fiberglass. Works great on plastic grip caps or forend tips. Green Rouge is a good choice for nickel, silver, or white gold. Blizzard Premium is a white compound that leaves an almost mirror finish on harder metals.

## Attributes

- Name: [BROWNELLS POLISHING COMPOUND, GREEN ROUGE](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 032000023
- Mfr. No.: C10JR9M
- Delivery weight: 0.227kg
- Shipping height: 28mm
- Shipping width: 53mm
- Shipping length: 124mm
- UPC: 050806003262

# Safety Instruction Guide for Polishing Compounds

## Brownells Polishing Compound, Green Rouge

### Introduction

Thank you for choosing Brownells Polishing Compound, Green Rouge. This guide provides essential safety instructions to ensure safe and effective use of the product. By following these guidelines, you can minimize risks and enhance your polishing experience.

### General Safety Guidelines

- Always read the product label and safety data sheet before use.
- Keep the product out of reach of children and pets.
- Use in a wellventilated area to avoid inhalation of dust.
- Wear appropriate personal protective equipment (PPE) such as gloves and safety goggles.
- Avoid contact with skin and eyes; in case of contact, rinse immediately with water and seek medical advice if irritation persists.
- Do not ingest the product; if swallowed, seek medical attention immediately.
- Store the product in a cool, dry place away from direct sunlight and extreme temperatures.
- Dispose of any waste material according to local regulations.

### Specific Safety Precautions for Use

- When using polishing compounds, ensure that the surface is clean and free of contaminants.
- Avoid using the product on surfaces that are not intended for polishing.
- Do not mix different types of polishing compounds; this may lead to unpredictable results or hazards.
- Be cautious of dust generated during use; use a dust mask if necessary.
- Test the product on a small, inconspicuous area before applying it to the entire surface.
- Ensure that any machinery or tools used in conjunction with the polishing compound are properly maintained and in good working order.

### Instructions for Installation and Usage

#### 1. Preparation:

- Gather all necessary tools and materials, including the polishing compound, applicator, and any required PPE.
- Ensure the work area is clean, welllit, and free from distractions.

#### 2. Application:

- Apply a small amount of Green Rouge to the applicator or polishing wheel.
- Work the compound into the surface using a gentle, circular motion.
- For best results, apply moderate pressure and allow the compound to do the work.
- Regularly check the surface to avoid overpolishing.

#### 3. Finishing:

- Once the desired shine is achieved, wipe the surface with a clean, dry cloth to remove any residual compound.
- Store any remaining product in its original packaging, tightly sealed.

## **Disposal Instructions**

- Dispose of any unused or expired polishing compound in accordance with local waste disposal regulations.
- Do not pour the product down the drain or dispose of it in regular household waste.
- Check with local authorities for specific disposal guidelines.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the manufacturer's contact details provided on the product packaging.

By adhering to these safety instructions, you can ensure a safe and effective polishing experience with Brownells Polishing Compound, Green Rouge. Thank you for your attention to safety!
