# Safety Instruction Guide for 1" Thick Loose Muslin Wheels

## Introduction

Thank you for choosing the 1" Thick Loose Muslin Wheels by Brownells. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the wheels.

## General Safety Guidelines

- Ensure that the product is suitable for your intended use.
- Only use the wheels with compatible equipment and accessories.
- Regularly inspect the wheels for any signs of damage or wear before use.
- Keep the wheels out of reach of children and vulnerable individuals.
- Follow all instructions provided in this guide to minimize risks.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, when using the wheels.
- Use the wheels at the recommended speed to avoid overheating and potential damage.
- Do not exceed the maximum wheel diameter and arbor size specified in the product specifications.
- Avoid using the wheels on materials that are not recommended, as this may pose safety risks.
- Ensure that the work area is clean, dry, and free from clutter to prevent accidents.

## Instructions for Installation and Usage

### 1. Installation:

- Select the appropriate arbor size ( $\frac{1}{2}$ ",  $\frac{5}{8}$ ",  $\frac{3}{4}$ ",  $\frac{7}{8}$ ", or 1") for your equipment.
- Carefully attach the wheel to the arbor, ensuring it is securely fastened.
- Confirm that the wheel is properly aligned and that there is no wobbling before use.

### 2. Usage:

- Start the equipment at a low speed and gradually increase to the recommended operating speed.
- Apply light pressure when using the wheel to avoid excessive wear or damage.
- Monitor the wheel during operation for any unusual noises or vibrations. If noticed, stop use immediately.
- After use, turn off the equipment and allow the wheel to come to a complete stop before removing it.

## Disposal Instructions

- Dispose of the wheels in accordance with local regulations regarding textile waste.
- Do not dispose of the wheels in general household waste if they contain hazardous materials.
- Consider recycling options if available in your area.
