

SISAL WHEELS - BROWNELLS SISAL POLISHING WHEEL, 8" X .375", 7/8" ARBOR

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Wheels](#)

Fast Removal Of Rough Metal & Rust

7 plys of prime woven jute with an outer muslin cover on each side provide a very aggressive surface for fast removal of rough metal, rust and similar jobs with coarser polishing grits. Finer grits produce an attractive "brushed" finish. Spiral stitched, long-lasting construction.

SISAL WHEELS BROWNELLS 8" SISAL WHEEL

Safety Instructions

Introduction

Thank you for choosing the SISAL WHEELS BROWNELLS 8" SISAL WHEEL. This product is designed to assist you in polishing and finishing metal surfaces effectively. To ensure your safety and the optimal use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE) when using the sisal wheel, including safety goggles, gloves, and a dust mask to protect against debris and dust.
- Ensure that the work area is clean, welllit, and free from obstructions to prevent accidents.
- Keep bystanders, especially children and pets, at a safe distance from the work area while operating the sisal wheel.
- Inspect the sisal wheel for any signs of damage or wear before use. Do not use a damaged wheel.
- Follow all manufacturer instructions for use and maintenance to ensure safe operation.

Specific Safety Precautions for Use

- Use the sisal wheel only for its intended purpose—polishing and finishing metal surfaces. Avoid using it on materials for which it is not designed.
- Do not exceed the recommended maximum speed for the wheel to prevent damage and ensure safe operation.
- Always secure the workpiece properly before starting the polishing process to prevent movement.
- Avoid applying excessive pressure while using the wheel, as this can cause overheating or damage to the wheel and workpiece.
- If you experience any unusual noise or vibration during use, stop immediately and inspect the wheel and equipment.
- Never attempt to modify or alter the sisal wheel or its mounting system.

Instructions for Installation and Usage

1. Installation

- Ensure that your power tool is turned off and unplugged before installation.
- Remove any existing wheel from the power tool.
- Carefully place the sisal wheel onto the arbor, ensuring it fits securely.
- Tighten the arbor nut to hold the wheel in place, following the manufacturer's specifications.
- Recheck that the wheel is securely mounted before plugging in the power tool.

2. Usage

- Plug in the power tool and allow the sisal wheel to reach full speed before making contact with the workpiece.
- Hold the power tool firmly with both hands and maintain a steady, controlled motion while polishing.
- Use a light touch and let the wheel do the work; avoid forcing the wheel against the material.
- Regularly check the wheel for wear and replace it when necessary to maintain safety and effectiveness.
- After use, turn off and unplug the power tool before removing the sisal wheel.

Disposal Instructions

- Dispose of the sisal wheel according to local regulations regarding waste disposal.
- If the wheel is damaged or worn beyond use, place it in a designated waste container to prevent accidents.
- Do not incinerate or expose the sisal wheel to extreme heat, as this may release harmful substances.

Contact Information for Further Support

For any questions or concerns regarding the SISAL WHEELS BROWNELLS 8" SISAL WHEEL, please refer to the product packaging or visit the manufacturer's website for additional support.

By following these safety instructions, you can ensure a safe and effective experience while using the SISAL WHEELS BROWNELLS 8" SISAL WHEEL. Thank you for prioritizing safety in your polishing projects.
