

# **S&W M&P EXTENDED MAGAZINE BASE PAD - ARREDONDO PAD FITS 9MM/.40 S&W M&P,5 OR 6 RDS,1-1/4" ADDL MAG OAL**

[Magazines](#) > [Handgun Magazines](#) > [Magazine Parts](#) > [Magazine Extension](#)

Two-piece, extended base pad replaces factory pad to increase magazine capacity without compromising reliability. Molded from impact-resistant, fiberglass-reinforced nylon to protect your magazine from damage when ejected onto hard ground or pavement. Checkered bottom panel assists in fast, positive, non-slip, mag changes. Locks securely to the magazine body and lets you retain the factory magazine spring. Removes quickly and easily to reinstall factory pad and return mag to original spec. For low-stress applications where the mag will not be ejected onto hard surfaces. Use the L-shaped locking insert for extra-secure attachment and five additional rounds for 40S&W or an additional six rounds for 9mm. Overall magazine length will remain below 140mm for competition use.

## **Attributes**

- Name: [ARREDONDO PAD FITS 9MM/.40 S&W M&P,5 OR 6 RDS,1-1/4" ADDL MAG OAL](#)

# Safety Instruction Guide for S&W M&P Extended Magazine Base Pad

## Introduction

Thank you for choosing the S&W M&P Extended Magazine Base Pad by ARREDONDO. This guide provides essential safety instructions to ensure the safe use and maintenance of your product. Please read this document carefully before use.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions to prevent accidents and injuries.
- Always inspect the magazine and base pad for any signs of wear or damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Use in LowStress Applications:** This base pad is designed for lowstress applications. Avoid using it in situations where the magazine may be ejected onto hard surfaces.
- **Secure Attachment:** Always ensure that the base pad is securely locked to the magazine body before use. Use the Lshaped locking insert for extra security.
- **Capacity Limitations:** Be aware of the additional rounds that can be added: five for .40 S&W and six for 9mm. Do not exceed these limits.
- **Inspection Before Use:** Regularly check the base pad and magazine for any signs of damage, especially after being dropped or subjected to impact.
- **Proper Handling:** Always handle the magazine with care to prevent accidental ejection or dropping.

## Instructions for Installation and Usage

### 1. Installation:

- Remove the factory base pad from the magazine by pressing down on the locking mechanism and sliding it off.
- Align the S&W M&P Extended Magazine Base Pad with the magazine body.
- Slide the base pad onto the magazine until it locks securely in place.
- Ensure that the Lshaped locking insert is properly installed for added security.

### 2. Usage:

- Load the magazine with the appropriate number of rounds (maximum five for .40 S&W or six for 9mm).
- Insert the magazine into the firearm as per the manufacturer's instructions.
- Perform a function check to ensure proper seating and feeding of the magazine.
- Always keep the magazine pointed in a safe direction when loading or unloading.

### 3. Removal:

- To remove the base pad, press down on the locking mechanism and slide the base pad off the magazine.
- Reinstall the factory base pad if necessary by following the same steps in reverse.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for plastic waste.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, consider recycling options available in your area.

## Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the manufacturer's contact information available on the packaging or official website.
