## All the Tools You Need to Clean Your AR's Gas Tube

Though it isn't required every time you head to the range, cleaning you AR's gas tube is an important part of having a reliable, running rifle. However, completely removing the gas tube and block from your barrel is a pain. That's why IOSSO developed its AR Rifle Gas Tube Cleaning Kit, which allows AR owners to clean their rifle's gas tube without having to disassemble the gun. The patented design of the IOSSO AR Rifle Gas Tube Cleaning Kit includes a clear guide tube that slides over the end of the gas tube. All a user has to do is drop in some of the company's Triple Action Oil onto the tube-sized brush and run the entire brush into the gas tube. The combination of the oil and brush will remove all fouling inside. Each IOSSO AR Rifle Gas Tube Cleaning Kit is designed for use on both AR-10 and AR-15 rifles, and every kit is made in the USA.

# AR Rifle Gas Tube Cleaning Kit Safety Instructions

## Introduction

Thank you for choosing the IOSSO Products AR Rifle Gas Tube Cleaning Kit. This product is designed to help you maintain the gas tube of your AR15 and AR10 rifles efficiently and safely. It is essential to follow the safety instructions provided in this guide to ensure safe usage and optimal performance.

## General Safety Guidelines

- Always read and understand the product instructions before use.
- Ensure the rifle is unloaded and safe before beginning any cleaning procedures.
- Keep the cleaning kit out of reach of children and unauthorized users.
- Use the cleaning kit only for its intended purpose; do not modify or misuse the product.
- Regularly inspect the cleaning kit for any signs of wear or damage before each use.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, while using the cleaning kit.
- Do not use the cleaning kit near open flames or heat sources.
- Ensure proper ventilation in the area where you are using cleaning products, such as Triple Action Oil.
- Avoid skin contact with cleaning solutions; wash hands thoroughly after use.
- Do not ingest any components of the cleaning kit or cleaning solutions.
- Follow all local regulations regarding the disposal of cleaning materials and chemicals.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the rifle is unloaded and in a safe condition.
- Gather all components of the IOSSO AR Rifle Gas Tube Cleaning Kit.

### 2. Cleaning Process:

- Attach the clear guide tube to the end of the gas tube.
- Apply a few drops of IOSSO Triple Action Oil onto the tubesized brush.
- Insert the brush into the guide tube and push it through the gas tube.
- Move the brush back and forth to effectively remove fouling and debris.
- After cleaning, remove the brush and guide tube from the gas tube.

### 3. PostCleaning:

- Wipe down any excess oil from the gas tube and surrounding areas.
- Store the cleaning kit in a cool, dry place away from direct sunlight.

## Disposal Instructions

- Dispose of any used cleaning materials and oil in accordance with local regulations.
- Do not dispose of cleaning chemicals in household waste or down drains.
- Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or additional information regarding the IOSSO AR Rifle Gas Tube Cleaning Kit, please refer to the manufacturer's website or customer service channels.

By following these safety instructions, you can ensure a safe and effective cleaning process for your AR rifle. Thank you for your attention to safety and for choosing IOSSO Products.
