AR15/M16 Buffer Springs Safety Instruction Guide

Introduction

Thank you for choosing the AR15/M16 Buffer Springs by Brownells. These highquality replacement springs are designed to enhance the performance of your rifle. To ensure safe and effective use, please read this safety instruction guide carefully before installation and usage.

General Safety Guidelines

- Ensure the product is suitable for your specific rifle model.
- Always follow the manufacturer's instructions when using or installing the buffer springs.
- Regularly inspect the springs for signs of wear or damage.
- Store the springs in a cool, dry place away from moisture and extreme temperatures.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check for any recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not use the buffer springs if they show signs of damage or wear.
- Ensure that the rifle is unloaded before beginning any maintenance or installation.
- Use protective eyewear when working with firearms and related components.
- Avoid using excessive force during installation to prevent damage to the springs or rifle.
- Be aware of your surroundings and ensure a safe environment when handling firearms.

Instructions for Installation and Usage

1. Preparation

- Ensure the rifle is unloaded and in a safe condition.
- Gather necessary tools, including a screwdriver and any other required equipment.

2. Installation Steps

- Remove the existing buffer spring from the rifle according to the manufacturer's guidelines.
- Inspect the buffer tube and ensure it is clean and free from debris.
- Take the new buffer spring from the package and inspect it for any visible defects.
- Insert the new buffer spring into the buffer tube, ensuring it is seated correctly.
- Reassemble any components that were removed during the installation process.

3. PostInstallation Checks

- After installation, conduct a function check to ensure the rifle operates smoothly.
- Store any unused springs in their original packaging and keep them in a safe location.

Disposal Instructions

- Dispose of old or damaged buffer springs in accordance with local regulations.
- Do not throw springs in regular household waste; check for recycling programs in your area.
- Ensure that any disposed materials are kept out of reach of children and pets.

Contact Information for Further Support

For any questions or concerns regarding the AR15/M16 Buffer Springs, please refer to the manufacturer's website or contact their customer service for assistance. Always ensure you have the latest information regarding product safety and usage.
