Safety Instruction Guide for AR15/M16 Buffer Springs

Introduction

Thank you for choosing the BROWNEllS AR15 A2 Buffer Spring (CS) 3 Pack. This guide provides important safety instructions and guidelines to ensure the safe use and maintenance of your buffer springs. Please read this document carefully before using the product to familiarize yourself with its features and safety measures.

General Safety Guidelines

- Ensure that all safety precautions are followed during installation and usage.
- Always wear appropriate safety gear, including eye protection, when handling firearms and related components.
- Keep the product out of reach of children and unauthorized persons.
- Regularly inspect the buffer springs for wear and damage before use.
- If you experience any issues or concerns, discontinue use and seek professional advice.

Specific Safety Precautions for Use

- Only use the buffer springs in compatible AR15 or M16 rifles.
- Ensure the firearm is unloaded before installing or replacing the buffer springs.
- Avoid using damaged or worn buffer springs as they can lead to malfunction or injury.
- Do not modify the buffer springs or use them in a manner not intended by the manufacturer.
- Follow all local laws and regulations regarding firearm components and modifications.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and materials.
- Ensure your workspace is clean and free from distractions.

2. Installation Steps

- Make sure the firearm is unloaded and pointed in a safe direction.
- Remove the existing buffer spring from the buffer tube by disassembling the stock according to the manufacturer's instructions.
- Inspect the buffer tube for any debris or damage before installation.
- Take the new buffer spring from the packaging and ensure it is free of defects.
- Insert the new buffer spring into the buffer tube, ensuring it sits properly in place.
- Reassemble the stock securely, following the manufacturer's guidelines.

3. Usage

- After installation, perform a function check to ensure the buffer spring operates correctly.
- Test the firearm in a safe environment, adhering to all safety protocols.

Disposal Instructions

- Dispose of old or damaged buffer springs in accordance with local regulations.
- Do not dispose of buffer springs in regular household waste.
- Contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of your BROWNELLS AR15 A2 Buffer Spring (CS) 3 Pack, please refer to the product packaging or visit the manufacturer's website for additional resources and support.

Thank you for your attention to these safety instructions. Enjoy the enhanced performance of your AR15 with your new buffer springs!
