[Magazines](#) > [Rifle Magazines](#) > [Magazines](#)

BROWNELLS AR-15 20RD MAGAZINE SS 223/5.56 A battle rifle is only as reliable as its magazine – make sure the one in your rifle is from Brownells. When the difference between a “bang” and a “click” is life and death, a magazine failure is more than inconvenient – it can be fatal. So when we decided to build our own AR-15/M16 magazines, reliability was our first priority. Some of us have sons and daughters serving overseas or in law enforcement, and we aimed to build the kind of magazine we’d trust their lives with. We started with a clean slate, then worked out the bugs on the drawing board and the test range before we offered a single mag for sale, so you get a magazine of uncompromising quality and reliability that’s built to last and ready to run hard. When failure is not an option, these magazines deliver on the range, in the field, in a tactical situation, under fire. Load these smooth-feeding magazines to maximum capacity. No jams, no misfeeds, no hangups. All components are made of mil-spec materials and are manufactured under strict, ISO quality control standards. The heat-treated, welded aluminum body is hard-anodized for superior corrosion resistance, then given a tough, dry-lube coating to eliminate the need for additional lubricants that would attract dust, sand, or dirt. The latest military-type, glass-fiber reinforced composite follower further guarantees flawless feeding in the harshest tactical conditions. Available in standard military Gray. Since we manufacture these mags ourselves, we can maintain a large inventory. So, if you need magazines in a hurry, even in quantity, we can get them to you ASAP. SPECS: Aluminum body Hard-anodized, dry-lube coating. Fiberglass-filled plastic follower. Available in stainless steel (SS) spring. 20-round magazines capacities.

## Attributes

- Name: [BROWNELLS AR-15 MAGAZINE SS 223/5.56 20RD ALUMINUM GRAY](#)

# AR15 20RD Magazine Safety Instruction Guide

## Introduction

Thank you for choosing the AR15 20RD Magazine from Brownells. This guide provides essential safety instructions and information to ensure the safe use of your magazine. Please read this document carefully before use.

## General Safety Guidelines

- Always handle firearms and magazines with caution. Treat every firearm as if it is loaded.
- Ensure that you are in a safe environment when loading, unloading, or handling your magazine.
- Keep the magazine out of reach of children and unauthorized users.
- Regularly inspect your magazine for any signs of damage or wear. If you notice any issues, do not use the magazine.
- Follow all local laws and regulations regarding the use and storage of firearms and ammunition.

## Specific Safety Precautions for Use

- Ensure the firearm is pointed in a safe direction when inserting or removing the magazine.
- Do not attempt to modify or alter the magazine in any way, as this can compromise safety and reliability.
- Use only compatible ammunition as specified: .223 Remington and 5.56 mm NATO.
- Avoid overloading the magazine beyond its 20round capacity.
- Do not use damaged or deformed ammunition, as this can lead to malfunctions.
- Be aware of your surroundings when firing to prevent accidental injury to yourself or others.

## Instructions for Installation and Usage

### 1. Loading the Magazine:

- Hold the magazine with the open side facing up.
- Insert the ammunition into the magazine, ensuring that the cartridges are aligned properly.
- Push each round down until it clicks into place. Do not force rounds into the magazine.
- Ensure the magazine is loaded to a maximum of 20 rounds.

### 2. Inserting the Magazine into the Firearm:

- Ensure the firearm is pointed in a safe direction and is on safe mode.
- With the magazine properly loaded, align it with the magazine well of the firearm.
- Push the magazine firmly into place until you hear a click, indicating it is secure.

### 3. Removing the Magazine:

- Ensure the firearm is pointed in a safe direction and is on safe mode.
- Press the magazine release button on the firearm.
- Grasp the magazine and pull it downward to remove it from the magazine well.

### 4. Storage:

- Store the magazine in a cool, dry place away from direct sunlight.
- Keep the magazine unloaded when not in use.
- Store the magazine separately from the firearm, and ensure both are secured to prevent unauthorized access.

## **Disposal Instructions**

- Dispose of the magazine according to local regulations.
- If the magazine is damaged or no longer usable, consider recycling the aluminum components where appropriate.
- Do not dispose of the magazine in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding your AR15 20RD Magazine, please reach out to the designated EU contact point for product safety.

Thank you for your attention to these safety instructions. Your safety and the safety of those around you is our top priority.
