

# AR-15 A1 EJECTION PORT COVER ASSEMBLY - BROWNELLS BRN

## AR-15 A1 EJECTION PORT COVER ASSEMBLY

[Rifle Parts](#) > [Receiver Parts](#) > [Ejection Port Cover Parts](#) > [Ejection Port Cover Assemblies](#)

Our Brownells A1 Ejection Port Cover is an accurately detailed replica of the cover used on M16A1 and earlier rifles - basically the Vietnam Era guns. Unlike the standard A2 cover still in use today, the A1 has a smaller, rectangular finger pad with crisp 90 degree edges. On the inner side, an early-style hexagonal housing retains the catch detent and spring, rather than the simpler, easier to manufacture cylindrical housing of the A2 cover. Aside from these physical details, the Brownells A1 Ejection Port Cover operates and installs just like the covers on modern-day rifles. It's made of stamped steel (not plastic - of course!), with a classic matte dark gray Parkerized finish that's a good match to our Retro Rifle receivers. Correct style for M16A1 & earlier rifles that should have a port cover Steel with durable Parkerized finish Correct-spec smaller, rectangular finger pad NOTE: Pin, C-clips & spring NOT included If you've gone to the effort of building up a nice early AR-15 / M16 Retro Rifle from Brownells parts, why cut corners on the details? The A1 Ejection Port Cover provides that finishing touch of historical accuracy.

### Attributes

- Name: [BROWNELLS BRN AR-15 A1 EJECTION PORT COVER ASSEMBLY](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 078000467
- Mfr. No.:
- Weapon type: AR-15

# Safety Instruction Guide for AR15 A1 Ejection Port Cover Assembly

## Introduction

Thank you for choosing the Brownells AR15 A1 Ejection Port Cover Assembly. This guide provides essential safety instructions and information to ensure safe use, installation, and disposal of the product. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms and firearm components with care.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage.
- Do not modify the product in any way that could affect its safety or performance.
- If you experience any issues with the product, cease use immediately and consult a qualified professional.

## Specific Safety Precautions for Use

- Use the AR15 A1 Ejection Port Cover Assembly only with compatible AR15 models.
- Ensure that the firearm is unloaded before installing or handling the ejection port cover.
- Follow all local laws and regulations regarding firearm components.
- Wear appropriate safety gear, such as eye protection, when handling firearms.
- Be aware of your surroundings and ensure that you are in a safe environment when using the firearm.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather necessary tools for installation (if applicable).

### 2. Installation Steps:

- Remove the existing ejection port cover if applicable.
- Align the Brownells A1 Ejection Port Cover with the housing on your AR15.
- Insert the cover into place, ensuring it is seated properly.
- Secure the cover according to the manufacturer's instructions.

### 3. Usage:

- Test the functionality of the ejection port cover after installation.
- Ensure that the cover opens and closes smoothly without obstruction.
- Regularly check the cover during firearm maintenance to ensure it remains secure.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for metal and firearm components.
- Do not dispose of the product in regular household waste.
- Consider recycling options available in your area to minimize environmental impact.

## Contact Information for Further Support

For any safety inquiries or further assistance regarding the AR15 A1 Ejection Port Cover Assembly, please consult the appropriate contact channels provided by the retailer or manufacturer.

**Note:** This guide is intended to provide general safety information and may not cover all potential hazards. Always prioritize safety and consult a professional if in doubt.
