Safety Instruction Guide for SCREWS FOR BROWNELLS GLOCK® SLIDES

Introduction

Thank you for choosing the SCREWS FOR BROWNELLS GLOCK® SLIDES. These screws are specifically designed for the Brownells line of Glock® slides and are essential for securely mounting your Trijicon RMR or Holosun optics. This guide provides important safety instructions and guidelines to ensure the safe use and installation of this product.

General Safety Guidelines

- Always inspect the screws for any visible damage or defects before use.
- Ensure that you are using the correct size screws for your specific application.
- Keep screws and all small parts out of reach of children to prevent choking hazards.
- Use appropriate tools and safety equipment when installing the screws.
- Follow all instructions carefully to avoid potential hazards during installation and usage.

Specific Safety Precautions for Use

- Ensure that the mounting surface is clean and free from debris before installation.
- Do not overtighten screws, as this can lead to damage of the slide or the optic.
- If you experience resistance while screwing, stop immediately to avoid stripping the screw or the threads.
- Always check that the optic is securely mounted after installation before using the firearm.
- If you notice any unusual movement or looseness in the optic during use, stop immediately and check the screws for tightness.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a T10 screwdriver.
- Ensure your workspace is clean and welllit.

2. Installation of the RMR or Holosun

- Align the optic mount with the holes on the Brownells Glock slide.
- Insert the 5/16" x 440 screws into the appropriate holes.
- Using the T10 screwdriver, tighten the screws until snug. Do not overtighten.

3. Installation of the Brownells Cover Plate

- If applicable, align the Brownells cover plate (078000413) with the slide holes.
- Insert the 1/4" x 440 screws into the holes.
- Tighten the screws until snug, ensuring the cover plate is secure.

4. Final Checks

- After installation, visually inspect the screws and mounts to ensure everything is secure.
- Test the optic for stability before using the firearm.

Disposal Instructions

- Dispose of any unused or damaged screws responsibly.
- Follow local regulations for the disposal of metal products.
- Do not dispose of screws in a manner that could pose a risk to the environment or public safety.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the appropriate EUbased contact point for product safety information.

Conclusion

By following these safety instructions and guidelines, you can ensure the safe and effective use of the SCREWS FOR BROWNELLS GLOCK® SLIDES. Always prioritize safety and refer to this guide whenever you are using or installing the product. Thank you for your attention to these important safety measures.
