SLIDE PARTS KIT FOR GLOCK®17 GEN 3 Safety Instruction Guide

Introduction

Thank you for choosing the SLIDE PARTS KIT FOR GLOCK®17 GEN 3 by BROWNELLS. This guide provides essential safety instructions and information to ensure the safe use and handling of the product. It is important to read this guide thoroughly before installation and use.

General Safety Guidelines

- Ensure that all components are compatible with your specific Glock model before installation.
- Always handle firearms and firearm components safely. Treat every firearm as if it is loaded.
- Keep the product out of reach of children and unauthorized users.
- Use the product only for its intended purpose as specified in this guide.
- Regularly inspect the product for signs of wear or damage. Do not use damaged components.
- Follow all local laws and regulations regarding firearm parts and usage.

Specific Safety Precautions for Use

- Always wear safety glasses when handling or installing firearm components.
- Use proper tools and techniques when installing parts to avoid injury.
- Ensure the firearm is unloaded before beginning any work on it.
- Be aware of potential hazards such as sharp edges on parts and tools.
- Avoid using excessive force when installing components to prevent damage.
- If you are unsure about the installation or use of the parts, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including the channel liner tool provided in the kit.
- Ensure your workspace is clean and organized.

2. Installation Steps

- **Extractor:** Remove the old extractor and replace it with the new one from the kit. Ensure it is seated properly.
- **Extractor Depressor Plunger:** Install the extractor depressor plunger and spring according to the manufacturer's specifications.
- **SpringLoaded Bearing:** Insert the springloaded bearing into the designated area.
- **Slide Cover Plate:** Attach the slide cover plate securely.
- **Firing Pin:** Install the firing pin and ensure it is functioning correctly with the firing pin spring.
- **Channel Liner:** Use the channel liner tool to install the channel liner properly.
- **Guide Rod and Recoil Spring Assembly:** Finally, install the guide rod and recoil spring assembly.

3. Final Checks

- After installation, conduct a thorough check to ensure all parts are securely in place.
- Perform a function check of the firearm to ensure proper operation.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local laws and regulations.
- Do not throw away firearm parts in regular trash. Check with local waste management for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product-related questions, please refer to the relevant customer support channels provided by the manufacturer or retailer.
