# AR15/M16 Sight Wrenches Safety Instruction Guide

## Introduction

Thank you for choosing the AR15/M16 Sight Wrench by Brownells. This guide provides essential safety instructions and usage information to ensure your experience is safe and effective. Please read this manual thoroughly before using the product.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Inspect the sight wrench before each use for any signs of damage or wear.
- Keep the sight wrench out of reach of children and vulnerable individuals.
- Use the sight wrench only for its intended purpose.
- Do not attempt to modify or repair the sight wrench yourself.
- In case of any malfunction or damage, discontinue use immediately and seek professional assistance.

## Specific Safety Precautions for Use

- Always wear appropriate eye protection when adjusting sights.
- Ensure that the firearm is unloaded before making any adjustments to the sights.
- Avoid using excessive force when adjusting sights to prevent damage to the sight or the wrench.
- Be cautious of sharp edges on the wrench that may cause cuts or injuries.
- Do not use the sight wrench in wet or slippery conditions to prevent loss of grip.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools and materials.

### 2. Using the Sight Wrench:

- Identify the type of sight you are adjusting (A1 or A2).
- For A1 sights, use the fiveprong end of the wrench to adjust both front and rear sights.
- For A2 sights, use the fourprong end of the wrench.
- Place the appropriate prong of the wrench into the sight adjustment slot.
- Turn the wrench gently to make the necessary adjustments. Avoid using excessive force.
- Check the alignment of the sights frequently to ensure accuracy.

### 3. PostUsage:

- After adjustments are complete, doublecheck that the sights are secure.
- Store the sight wrench in a safe and dry location.

## Disposal Instructions

- Dispose of the sight wrench in accordance with local regulations.
- Do not dispose of the sight wrench in regular household waste.
- If the sight wrench is damaged beyond repair, consider recycling the metal components where possible.

## **Contact Information for Further Support**
