

LEUPOLD TORX SCREWS - BROWNELLS TORX HEAD BASE SCREWS, 6-48 THREAD, .260" LENGTH, BLUE

[Gunsmith Tools](#) > [Sight & Scope Installation Tools](#) > [Replacement Sight Screws](#)

Convenient 12 Paks Of The Most Useable Sizes For Scope Mounting Applications

Refill your Leupold factory screw kit or keep these extra-strong, heat-treated screws on hand for your customers and yourself. We've put together the most requested screw sizes in money-saving 12 Paks so it's easier to convert existing rings and bases to Torx head without having to buy more than you need. These are the same screws used by Leupold but will fit many other brands of rings and bases.

Safety Instruction Guide for LEUPOLD TORX SCREWS

Introduction

Thank you for choosing the LEUPOLD TORX SCREWS. This guide provides essential safety instructions and usage guidelines to ensure the safe and effective use of the product. Please read this guide carefully before using the screws to prevent accidents and ensure optimal performance.

General Safety Guidelines

- Ensure that the screws are used in accordance with the manufacturer's specifications.
- Always inspect screws for damage or defects before use. Do not use damaged screws.
- Keep screws out of reach of children and pets to prevent accidental ingestion or injury.
- Use appropriate tools for installation to avoid injury and ensure proper fitting.
- Follow all local regulations regarding the disposal of metal products.

Specific Safety Precautions for Use

- Use only with compatible rings and bases to avoid stripping or damaging the screws.
- Avoid overtightening screws as this may lead to breakage or damage to the mounting surface.
- Wear safety goggles when installing screws to protect your eyes from metal shavings or debris.
- Ensure that the work area is clean and welllit to avoid accidents during installation.
- Do not use screws that show signs of rust or corrosion.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a Torx screwdriver compatible with the screw size.
- Ensure the work surface is stable and free from clutter.

2. Installation Steps:

- Align the Torx screw with the predrilled hole in the base or ring.
- Insert the Torx screwdriver into the screw head and turn clockwise to tighten.
- Tighten the screw until snug, but do not overtighten to avoid damaging the screw or the mounting surface.
- Repeat the process for each screw as needed.

3. PostInstallation:

- After installation, doublecheck all screws to ensure they are securely fastened.
- Dispose of any unused screws or packaging in accordance with local waste disposal regulations.

Disposal Instructions

- Dispose of screws in accordance with local regulations for metal waste.
- Do not dispose of screws in regular household waste if local regulations specify otherwise.
- Consider recycling options if available in your area.

Contact Information for Further Support

For any inquiries or concerns regarding the LEUPOLD TORX SCREWS, please reach out to your local distributor or retailer.

By following these safety instructions, you can ensure a safe and effective experience with your LEUPOLD TORX SCREWS. Thank you for your attention to safety.
