

LEUPOLD TORX SCREWS - BROWNELLS TORX HEAD BASE SCREWS, 6-48 THREAD, .385" LENGTH, BLUE

[Gunsmith Tools](#) > [Sight & Scope Installation Tools](#) > [Replacement Sight Screws](#)

Convenient 12 Paks Of The Most Useable Sizes For Scope Mounting Applications

Refill your Leupold factory screw kit or keep these extra-strong, heat-treated screws on hand for your customers and yourself. We've put together the most requested screw sizes in money-saving 12 Paks so it's easier to convert existing rings and bases to Torx head without having to buy more than you need. These are the same screws used by Leupold but will fit many other brands of rings and bases.

Safety Instruction Guide for Leupold Torx Screws

Introduction

Thank you for choosing the Leupold Torx Screws. This guide provides important safety information, installation instructions, and disposal guidelines to ensure safe and effective use of this product. Please read this guide carefully before using the screws.

General Safety Guidelines

- Ensure the screws are used only for their intended purpose as replacement sight screws.
- Inspect the screws for any visible damage or defects before use. Do not use damaged screws.
- Keep screws out of reach of children and pets to prevent accidental ingestion or injury.
- Store screws in a cool, dry place away from direct sunlight and moisture.
- If you experience any discomfort or allergic reactions while handling the screws, discontinue use immediately and consult a medical professional.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when installing or removing screws to prevent injury from flying debris.
- Use the correct size Torx driver to avoid stripping the screw heads.
- Do not overtighten screws, as this may cause damage to the rings or bases and compromise safety.
- Ensure that the screws are installed securely but do not exceed the recommended torque specifications for your specific application.
- If you are unsure about the installation process, seek assistance from a qualified professional.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a Torx driver and any other tools required for your specific application.
- Ensure that the surface where the screws will be installed is clean and free of debris.

2. Installation:

- Align the Torx screw with the designated hole in the ring or base.
- Insert the Torx driver into the screw head and turn clockwise to begin installation.
- Continue to turn the screw until it is snug. Avoid overtightening.
- Repeat the process for all screws being installed.

3. Final Checks:

- After installation, doublecheck that all screws are securely fastened.
- Ensure that the rings or bases are stable and properly aligned.

Disposal Instructions

- Dispose of any unused or damaged screws in accordance with local regulations.
- Do not dispose of screws in regular household waste. Check for local recycling programs that accept metal products.
- If you are unsure about disposal methods, contact your local waste management authority for guidance.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the Leupold Torx Screws, please refer to the contact information provided on the packaging or visit the manufacturer's website for additional resources.

Thank you for taking the time to read this safety instruction guide. Your safety is our priority, and we hope you enjoy using the Leupold Torx Screws.
