

# LEUPOLD TORX SCREWS - BROWNELLS TORX HEAD RING SCREWS, 8-36 THREAD, .360" LENGTH, BLUE

[Gunsmith Tools](#) > [Sight & Scope Installation Tools](#) > [Replacement Sight Screws](#)

## Convenient 12 Paks Of The Most Useable Sizes For Scope Mounting Applications

Refill your Leupold factory screw kit or keep these extra-strong, heat-treated screws on hand for your customers and yourself. We've put together the most requested screw sizes in money-saving 12 Paks so it's easier to convert existing rings and bases to Torx head without having to buy more than you need. These are the same screws used by Leupold but will fit many other brands of rings and bases.

# LEUPOLD TORX SCREWS SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Leupold Torx Screws by Brownells. These screws are designed for use with various brands of rings and bases, providing you with a reliable solution for your firearm needs. This safety instruction guide aims to provide essential information on the safe use, installation, and disposal of these screws, in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the screws are suitable for your specific application before use.
- Always use the screws as intended and according to the manufacturer's specifications.
- Keep the screws out of reach of children and vulnerable individuals.
- Regularly inspect screws for any signs of wear or damage before installation.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Improper installation may lead to failure of the screws, causing damage or injury.
- Using screws with incompatible rings or bases can result in malfunction.

### • Instructions to Avoid Hazards:

- Always ensure that the screws are compatible with your equipment.
- Use appropriate tools for installation to prevent stripping or damaging the screws.
- Do not exceed the recommended torque specifications during installation.
- Avoid using screws that show signs of corrosion or damage.

### • Age and Audience Specific Warnings:

- These screws should not be handled by children. Adult supervision is required during installation.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather necessary tools, including a Torx screwdriver suitable for the screw size.
- Ensure that the installation area is clean and free from debris.

### 2. Installation Steps:

- Align the screw with the mounting hole on the ring or base.
- Insert the screw and handtighten it to ensure proper alignment.
- Using the Torx screwdriver, tighten the screw to the manufacturer's specified torque.
- Do not overtighten, as this may strip the screw or damage the mounting surface.

### 3. PostInstallation Check:

- After installation, check that all screws are securely fastened.
- Conduct a visual inspection to ensure there are no visible defects.

## Disposal Instructions

- Dispose of any unused or damaged screws in accordance with local waste disposal regulations.
- Do not dispose of screws in regular household waste if they are considered hazardous.
- Always follow local guidelines for the disposal of metal products.

## Contact Information for Further Support

For any inquiries regarding the safety or use of the Leupold Torx Screws, please refer to the EU contact point provided with your product. Ensure you have the product details ready for a quicker response.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our priorities.
