AR15 Ejection Port Cover Assembly Safety Instructions

Introduction

Thank you for purchasing the AR15 Ejection Port Cover Assembly. This product is designed to enhance the functionality of your AR15 firearm. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always handle firearms with care and follow all safety protocols.
- Ensure that the firearm is unloaded before installing or handling the ejection port cover assembly.
- Keep the assembly out of reach of children and unauthorized users.
- Regularly inspect the assembly for any signs of wear or damage.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recalls and safety updates by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not use the ejection port cover assembly if it shows signs of damage or malfunction.
- Always wear appropriate safety gear, such as safety glasses, when working on your firearm.
- Ensure that you are in a safe environment free from distractions when installing or using the assembly.
- Follow the manufacturer's guidelines for the intended use of the assembly.
- Be aware of your surroundings and ensure that no one is in the line of fire during installation or usage.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded.
- Gather all necessary tools for installation, including a screwdriver if required.

2. Installation:

- Locate the ejection port on your AR15.
- Align the ejection port cover assembly with the ejection port.
- Gently push the assembly into place.
- Turn the assembly as needed to secure it. The tapered rods should engage the CClip correctly.
- Ensure that the assembly is firmly in place and does not move.

3. Usage:

- Once installed, regularly check the assembly for secure fitment.
- If you notice any looseness or movement, remove the assembly and reinstall it following the installation instructions.
- Use the firearm according to the manufacturer's guidelines, ensuring that the ejection port cover assembly functions correctly during operation.

Disposal Instructions

- Dispose of any damaged or wornout components in accordance with local regulations.
- If the assembly is no longer needed, consider recycling it if possible, or dispose of it in a manner that

prevents it from being used improperly.
