

# RUGER® 77/M77® MARK II BEDDING PILLARS - RUGER 77/M7 MARK II BEDDING PILLARS

[Gunsmith Tools & Supplies](#) > [Stock Work & Finishing](#) > [Pillar Bedding](#) > [Pillar Bedding Sleeves](#)

## Faster, Easier & More Precise Bedding

Pre-machined aluminum pillars solve the difficult problem of bedding Ruger bolt action centerfire rifles. The front pillar is cut to match the 60 degree angle of the receiver screw; pre-notched with the correct contour and angles to fit against the bottom of the recoil lug and set square with the floorplate hinge. Fits all Ruger® 77 and M77® Mark II™ rifles except VT target models.

# RUGER® 77/M77® MARK II Bedding Pillars Safety Instruction Guide

## Introduction

Thank you for purchasing the RUGER® 77/M77® MARK II Bedding Pillars. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your product. Please read this guide carefully before use to understand how to properly handle and install the bedding pillars.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, such as safety glasses and gloves, when handling tools and materials during installation.
- Inspect the product for any visible damage before use. If any damage is found, do not use the product and contact customer service.
- Follow all local regulations and guidelines regarding the use of firearms and related accessories.

## Specific Safety Precautions for Use

- Use the bedding pillars only with compatible Ruger® 77 and M77® Mark II™ rifles, excluding VT target models.
- Ensure that the rifle is unloaded and the safety is engaged before starting any installation work.
- Avoid applying excessive force during installation to prevent damage to the pillars or the rifle.
- Do not modify the bedding pillars in any way, as this may compromise their integrity and safety.
- Regularly check the installation to ensure that the bedding pillars remain secure and properly aligned.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a screwdriver and measuring tools.
- Ensure you are working in a clean, welllit area.

### 2. Installation Steps

- Remove the action from the stock of the rifle.
- Clean the bedding area to remove any debris or old bedding material.
- Position the front pillar in place, ensuring it is cut to match the 60degree angle of the receiver screw.
- Prenotched the pillar should fit against the bottom of the recoil lug and set square with the floorplate hinge.
- Insert the rear pillar, ensuring it is aligned correctly.
- Secure the pillars in place using the appropriate screws, following the manufacturer's specifications.

### 3. Final Checks

- Once installed, doublecheck that both pillars are secure and that the rifle action fits properly into the stock.
- Test the rifle's functionality in a safe environment, ensuring it operates correctly.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local waste management regulations.
- If the product needs to be disposed of, ensure it is done in a manner that does not pose a risk to the environment or public safety.
- Contact local waste management authorities for guidance on the disposal of aluminum materials.

## **Contact Information for Further Support**

For any questions, concerns, or safety inquiries regarding the RUGER® 77/M77® MARK II Bedding Pillars, please contact the manufacturer or refer to the product packaging for customer service details.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure the safe and effective use of the RUGER® 77/M77® MARK II Bedding Pillars. Thank you for prioritizing safety and for choosing our product.
