PROFESSIONAL SERIES BARREL HONING STONES

Safety Instruction Guide

Introduction

Thank you for choosing the PROFESSIONAL SERIES BARREL HONING STONES by BROWNELLS. This guide provides important safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the honing stones.

General Safety Guidelines

- Ensure safe use of the product by following all instructions.
- Be aware of the potential hazards associated with using honing stones, including eye injuries and respiratory issues from dust.
- Always wear appropriate personal protective equipment (PPE), such as safety goggles and a dust mask, when using the honing stones.
- Keep the honing stones out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Stay updated on product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the honing stones only for their intended purpose: polishing shotgun bores.
- Do not exceed recommended pressure when using the honing stones to avoid damage to the barrel or stones.
- Ensure that the barrel is securely held and stable during the honing process.
- Avoid inhaling dust created during the honing process; use a dust mask to minimize exposure.
- Inspect the honing stones regularly for wear and damage. Do not use damaged stones.
- Follow the manufacturer's instructions for the use of the steel carrier and Lisle No. 2 Barrel Hone.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and equipment, including the honing stones, steel carrier, and safety gear.
- Ensure the work area is clean and free of obstructions.

2. Installation

- Attach the honing stones to the steel carrier securely.
- Ensure that the assembly fits properly into the Lisle No. 2 Barrel Hone.

3. Using the Honing Stones

- Insert the steel carrier with the honing stones into the shotgun barrel.
- Apply a light, even pressure while moving the honing stones back and forth.
- Avoid excessive force to prevent damage to both the barrel and the honing stones.
- Periodically check the progress and inspect the honing stones for wear.

4. PostUse Care

- Clean the honing stones and steel carrier after use to remove any debris or residue.

- Store the honing stones in a plastic storage box to protect them from damage.

Disposal Instructions

- Dispose of used honing stones and packaging materials in accordance with local regulations.
- Do not dispose of honing stones in household waste if they are contaminated with hazardous materials.

Contact Information for Further Support

For further support and inquiries regarding safety concerns or product usage, please refer to the manufacturer's contact details provided on the product packaging or visit the official website of BROWNELLS.

Thank you for prioritizing safety while using the PROFESSIONAL SERIES BARREL HONING STONES. For the best results, always follow the guidelines outlined in this manual.
