PROFESSIONAL SERIES BARREL HONING STONES

SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the Professional Series Barrel Honing Stones. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this document carefully before using the honing stones.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the honing stones out of reach of children and vulnerable individuals.
- Regularly inspect the stones for wear or damage before use.
- Use personal protective equipment, such as safety glasses and gloves, to prevent injury.
- Do not use the honing stones if they are damaged or if any part is missing.
- Follow all manufacturer instructions and guidelines to ensure safe operation.

Specific Safety Precautions for Use

- Use the honing stones in a wellventilated area to avoid inhaling dust particles.
- Avoid direct contact with the honing stones to prevent skin irritation.
- Do not exceed the recommended operating speed of the honing stones.
- Ensure that the shotgun is unloaded and safe before starting any honing procedure.
- Always secure the shotgun in a stable position to prevent movement during honing.
- Do not attempt to modify the honing stones or their components.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and safety equipment before starting.
- Ensure that the workspace is clean and free of obstructions.

2. Installation:

- Attach the steel carrier to the arm securely.
- Ensure the stones are properly fitted to the carrier as per the manufacturer's instructions.

3. Usage:

- Insert the honing stones into the shotgun bore carefully.
- Begin honing at a low speed, gradually increasing as needed.
- Move the honing stones in a smooth, steady motion to achieve an even polish.
- Periodically check the progress to avoid overpolishing.

4. PostUsage:

- Clean the honing stones and carrier after each use to remove debris.
- Store the honing stones in the provided plastic storage box to protect them from damage.

Disposal Instructions

- Dispose of any worn or damaged honing stones in accordance with local regulations.
- Do not dispose of honing stones in general waste; check for local recycling options.
- Ensure that all packaging materials are disposed of responsibly.

Contact Information for Further Support

For further assistance or inquiries regarding safety and usage, please refer to the product packaging or the manufacturer's website for contact details.

By following these safety instructions, you will ensure a safe and effective experience with the Professional Series Barrel Honing Stones. Thank you for your attention to safety!
