

CLEANING ROD RACK - BROWNELLS CLEANING ROD RACK

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Racks](#)

Keep Your Cleaning Rods Neatly Organized

Sturdy, aluminum rack provides convenient storage that eliminates clutter plus protects your expensive rods from damage. Holds six rifle, pistol or shotgun rods, all neatly organized and ready for use. Drilled for mounting on a wall, end of your bench, or anywhere you have space available. Place them end to end for more rods, the slot spacing stays even for a neat look. Accepts Dewey, Bore-Tech, Prosmith and other rods with rotating or loop handles. Safety lip keeps rods from accidentally sliding out.

CLEANING ROD RACK SAFETY INSTRUCTIONS

Introduction

Thank you for purchasing the Brownells Cleaning Rod Rack. This sturdy aluminum rack is designed to provide convenient storage for your cleaning rods while protecting them from damage. This safety instruction guide is intended to inform you about the safe use, installation, and disposal of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always inspect the Cleaning Rod Rack for any signs of damage before use.
- Ensure that the rack is mounted securely to prevent accidents or injuries.
- Keep the rack and cleaning rods out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose – storing cleaning rods.
- Report any unsafe conditions or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the rack is installed on a stable surface.
- Avoid overloading the rack beyond its capacity of six rods.
- Use rods with rotating or loop handles that are compatible with the rack.
- Do not attempt to modify the rack or its components.
- Always keep the safety lip in place to prevent rods from sliding out accidentally.

Instructions for Installation and Usage

1. Installation:

- Choose a suitable location for mounting the Cleaning Rod Rack, such as a wall or the end of your workbench.
- Ensure that the chosen location has enough space for six rods.
- Use the provided wall anchors and screws to securely mount the rack.
- Drill holes in the wall according to the spacing of the mounting slots on the rack.
- Attach the rack to the wall using the screws and anchors, ensuring it is level and securely fastened.

2. Usage:

- Place cleaning rods into the designated slots of the rack, ensuring they are inserted fully.
- For additional rods, place them end to end in the slots; the spacing will remain even for a neat appearance.
- Regularly check the rack and rods for any signs of wear or damage.
- When not in use, ensure that the rods are properly stored in the rack.

Disposal Instructions

- When disposing of the Cleaning Rod Rack, follow local regulations for the disposal of aluminum products.
- If the rack is damaged beyond repair, consider recycling it at a designated recycling center.
- Ensure that any cleaning rods that are no longer usable are disposed of safely and responsibly.

Contact Information for Further Support

For any inquiries regarding the Cleaning Rod Rack or safety concerns, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for prioritizing safety while using the Brownells Cleaning Rod Rack. Enjoy your organized and clutterfree cleaning experience!
