### **Shouldered Beads Screw To The Right Height Every Time; Popular Sizes In Brass & Stainless Steel**

Brownells Shotgun Sight Kit "C" is a must have for any gunsmith or sporting goods store looking to save valuable time and really please their customers. We have taken everything that's great about our Shotgun Sight Kits "A" and "B" - like their unparalleled selection of high-quality and size-popular sight beads - and added a special feature to make the beads in Kit "C" fast, easy, and convenient to install . . . every time. Every sight bead in Shotgun Sight Kit "C" has the advantage of skirted shoulders. What this means to you, the professional gunsmith or the sporting goods store owner, is you'll never have to get out your mike or calipers again to ensure you've installed the sight to its proper height. No more guesswork either! Because when the skirted shoulder reaches the barrel, it provides a positive stop that lets you know the sight is at its optimum height. Every sight from Shotgun Sight Kit "C" installs with fool-proof ease - saving you both valuable shop time and, even more important, the nightmare of upsetting a valuable customer. Not only will customers be pleased with the installation you do, they'll also love the huge selection of sizes and styles from which to choose. We selected the most popular sizes from our Shotgun Sight Kits "A" and "B", because we know that's what your customers will come in and ask you for. Plus, we know how important it is to offer different styles to please as many shooters as possible. That's why Kit "C" offers each size bead in both Gold and White. It provides the perfect selection; Gold brass for a classy, traditional look many shotgun owners are partial to and White stainless steel for a sight bead so strong it even stands up to hot bluing. Thread sizes include 3-56 and 6-48 with bead diameters of .067", .130", and .175" to give your customers the choice of small, medium and large beads. Also, for easy storage and quick identification, we've followed the same, convenient layout of Kits "A" and "B" to make it as simple as possible to find the sight you need. Kit "C's" plastic counter case is divided into eight compartments to keep the beads organized and right at your fingertips. Plus, if you put this great-looking kit on your counter for your customers to see, it's a great way to create more business by reminding people to replace broken or damaged sight beads. Brownells Shotgun Sight Kit "C" is everything you've been looking for; a huge selection, superb quality, and now the convenience of skirted shoulders. Order this time-saving, customer-pleasing kit today and enjoy the speed, precision, and ease with which each of these sights installs. Refill Sights for Kit "C" - Refills for the Shotgun Sight Kit "C" are single or 10-pak of sights of one number.

# Safety Instruction Guide for Brownells Shotgun Sight Bead Kit "C"

## Introduction

Thank you for choosing the Brownells Shotgun Sight Bead Kit "C". This kit is designed to enhance your shotgun's performance while ensuring a safe and efficient installation process. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Always use the product according to the manufacturer's instructions.
- Inspect the kit for any damage before use; do not use if any parts are broken or missing.
- Keep the kit out of reach of children and vulnerable individuals to prevent accidents.
- Ensure that your work area is welllit and free from distractions while installing the sight beads.
- Use appropriate personal protective equipment (PPE), such as safety glasses, to protect your eyes from debris during installation.
- Report any unsafe products or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Handle all sight beads with care to avoid personal injury.
- Ensure that the shotgun is unloaded and pointed in a safe direction before beginning any installation.
- Avoid using excessive force when installing the sight beads to prevent damage to the shotgun or the beads.
- Be cautious of sharp edges on the sight beads and installation tools.
- If you are unsure about the installation process, seek assistance from a qualified professional.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and materials before starting the installation.
- Ensure that the shotgun is unloaded and in a safe position.

### 2. Selecting the Sight Bead

- Choose the appropriate size and style of sight bead from the kit. Options include Gold brass and White stainless steel.
- Verify that the thread size matches your shotgun's specifications (356 or 648).

### 3. Installation Steps

- Remove the old sight bead, if applicable, using the appropriate tool.
- Clean the area where the new sight bead will be installed to ensure proper adhesion.
- Align the skirted shoulder of the sight bead with the barrel of the shotgun.
- Gently screw the sight bead into place until the skirted shoulder makes contact with the barrel, ensuring it is at the optimum height.
- Avoid overtightening, as this may damage the sight bead or the shotgun.

### 4. Final Check

- Once installed, doublecheck that the sight bead is secure and properly aligned.
- Test the installation by gently tugging on the sight bead to ensure it is firmly in place.

## **Disposal Instructions**

- Dispose of any broken or damaged sight beads according to local regulations.
- Recycle packaging materials where possible to minimize environmental impact.
- Do not dispose of sight beads in regular household waste if they contain hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the Brownells Shotgun Sight Bead Kit "C", please refer to the manufacturer's contact information provided on the packaging or product insert.

By following these safety instructions, you can ensure a safe and effective installation of your Brownells Shotgun Sight Bead Kit "C". Thank you for your attention to safety and enjoy your enhanced shotgun experience!
