## The Secret To Getting Perfectly-Centered Screw Slots, Every Time

Heat-treated, steel fixture makes it possible to cut screw slots precisely in the center of the head. Simplifies fitting new screws to a custom gun or recutting/repairing some on a classic. Clamping thumb screw locks the gun screw in the exact position you want; two sets of roller pins guide your saw or slotting file during cutting to produce screw slots with a look of true class.

# Safety Instruction Guide for SCREW SLOT FIXTURE BROWNELLS SCREW SLOT FIXTURE

## Introduction

Thank you for choosing the SCREW SLOT FIXTURE BROWNELLS SCREW SLOT FIXTURE. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this guide carefully before using the fixture to avoid any potential hazards.

## General Safety Guidelines

- Ensure that the fixture is used in a wellventilated area to avoid inhalation of any dust or debris generated during cutting.
- Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when using the fixture.
- Keep the work area clean and organized to prevent accidents.
- Do not use the fixture for any purpose other than its intended use as specified in this guide.
- Regularly inspect the fixture for any signs of damage or wear. If damaged, do not use the fixture and contact a qualified professional for repairs.

## Specific Safety Precautions for Use

- Use the fixture only with .025" thick files and blades to ensure proper fit and safety.
- When clamping the gun screw, ensure it is securely locked in place to prevent movement during cutting.
- Be cautious of sharp edges on the saw or slotting file. Handle with care to avoid cuts.
- Do not place your hands near the cutting area while the saw or slotting file is in motion.
- If using power tools in conjunction with the fixture, follow the manufacturer's safety instructions for those tools.

## Instructions for Installation and Usage

### 1. Installation:

- Place the SCREW SLOT FIXTURE on a stable work surface.
- Ensure that the fixture is securely fastened and will not move during use.
- Adjust the clamping thumb screw to fit the gun screw snugly.

### 2. Usage:

- Position the saw or slotting file against the roller pins to guide your cutting.
- Begin cutting slowly to ensure accuracy and control.
- Maintain a firm grip on the saw or slotting file and keep your hands clear of the cutting area.
- After cutting, inspect the screw slots for quality and make any necessary adjustments.

## Disposal Instructions

- Dispose of the SCREW SLOT FIXTURE in accordance with local regulations regarding metal waste.
- Ensure that all components are disposed of properly to avoid environmental harm.
- If the fixture is no longer usable, consider recycling it if possible.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the SCREW SLOT FIXTURE, please refer to the manufacturer's contact information provided with the product packaging.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with the SCREW SLOT FIXTURE BROWNELLS SCREW SLOT FIXTURE. Always prioritize safety and do not hesitate to seek assistance if you have any questions or concerns. Thank you for your attention to these important guidelines.
