

SMITH & WESSON DELUXE REAR SIGHT REBUILD KIT - BROWNELLS S&W DELUXE REAR SIGHT STAKING PUNCH ONLY

[Handgun Parts](#) > [Sights](#) > [Sight Parts](#) > [Sight Parts Kits](#)

Everything You Need To Rebuild S&W Rear Sights

The right hardware and tools to properly rebuild and repair Smith & Wesson rear sights with ease and accuracy. The kit features the necessary windage nuts, windage screws, rear sight plunger, rear sight plunger spring, rear sight elevation stud, and rear sight spring clip. The kit also includes special tools to correctly install these parts. The S&W Sight Nut Spanner is a unique, MAGNA-TIP® bit that fits the windage nut securing the rear sight leaf. The S&W Sight Staking Punch eliminates the chance the rear sight will come off when adjusting the windage on Smith & Wesson revolvers; Sight Staking Punch also available separately.

SMITH & WESSON DELUXE REAR SIGHT REBUILD KIT SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the SMITH & WESSON DELUXE REAR SIGHT REBUILD KIT. This guide provides essential safety instructions and usage information to ensure the safe and effective use of this product. Please read this guide carefully before using the kit.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the kit out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, such as safety glasses, when handling tools and small parts.
- Inspect all components for damage before use. Do not use damaged parts.
- Store the kit in a dry, safe place to prevent any accidental damage or misuse.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use the S&W Sight Nut Spanner and S&W Sight Staking Punch only as directed.
- Avoid applying excessive force when adjusting the rear sight to prevent damage to the components.
- Ensure that all parts are securely fastened before using the firearm.
- Do not attempt to modify or alter any parts of the kit.
- Follow all safety protocols associated with the use of firearms and related equipment.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools and components from the kit.

2. Installing Rear Sight Components

- Use the S&W Sight Nut Spanner to carefully remove the existing windage nut.
- Replace the windage nut with a new one from the kit, ensuring it is securely tightened.
- Install the rear sight plunger and spring according to the specifications provided in the kit.

3. Adjusting the Rear Sight

- Use the S&W Sight Staking Punch to secure the rear sight leaf.
- Make adjustments to the windage as needed, ensuring that the rear sight remains securely in place.

4. Final Checks

- Inspect all installed components to ensure they are properly assembled and secured.
- Conduct a function check of the firearm to ensure safe operation.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.

- Do not dispose of the kit in regular household waste. Check for designated recycling or hazardous waste facilities.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the product packaging for the appropriate contact information.
