

HAMMER/SEAR BLOCK PINS - COLT SAA SEAR PIN

[Rifle Parts](#) > [Triggers Parts](#) > [Hammer Parts](#) > [Hammer Pins](#)

Allows Visual Inspection Of Hammer & Sear Engagement

For use with the Brownells Hammer/Sear Block, the machined steel block allows you to mate the hammer and sear (or trigger) outside of the firearm for a clear, unobstructed view of the critical point of engagement. These hammer and sear pins are sized for various handguns and rifles. Allen screw locks the pin setting so hammer and sear can be dropped in place relative to their actual position in the firearm. Great for cutting the engagement surfaces on new parts or fine-tuning the factory ones. Pins are individually numbered for proper identification.

Attributes

- Name: [COLT SAA SEAR PIN](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 080000101
- Mfr. No.:
- Make: Colt

Safety Instruction Guide for HAMMER/SEAR BLOCK PINS COLT SAA SEAR PIN

Introduction

Thank you for choosing the HAMMER/SEAR BLOCK PINS COLT SAA SEAR PIN. This product is designed to assist in the safe and effective assembly of hammer and sear components in firearms. Please read and follow this safety instruction guide to ensure safe usage and compliance with EU safety regulations.

General Safety Guidelines

- Ensure that all safety precautions are followed during the handling and installation of this product.
- This product is intended for use by individuals who are knowledgeable in firearm assembly and maintenance.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling firearm components.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the product for wear or damage before use. Do not use if any parts are damaged.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before beginning any assembly or maintenance work.
- Use the hammer/sear block pins only with compatible models, specifically the Colt Single Action Army.
- Avoid applying excessive force when inserting or adjusting the pins to prevent damage to the firearm or the pins.
- When adjusting the hammer and sear, ensure they are securely locked in place using the Allen screw before proceeding.
- Do not leave the hammer and sear pins unattended when not in use.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded and in a safe condition.
- Gather all necessary tools, including the Allen wrench for securing the pins.

2. Installation:

- Align the hammer and sear outside of the firearm using the Brownells Hammer/Sear Block.
- Insert the appropriate hammer/sear block pin into the designated hole, ensuring it fits snugly.
- Use the Allen screw to lock the pin in place. Ensure it is tightened securely but do not overtighten.

3. Usage:

- Once the hammer and sear are properly positioned, check for smooth operation.
- Make any necessary adjustments to the engagement surfaces as needed.
- Always verify the functionality of the firearm in a safe environment after installation.

4. PostInstallation:

- Remove any tools from the work area and ensure the firearm is stored safely.
- Regularly check the installation for any signs of wear or loosening of the pins.

Disposal Instructions

- Dispose of any damaged or wornout pins in accordance with local regulations.
- Do not dispose of pins in regular household waste. Check for specific recycling or hazardous waste disposal guidelines in your area.

Contact Information for Further Support

For safety inquiries, product support, or to report unsafe products, please contact your local EUbased consumer safety authority or visit the EU Safety Gate platform for updates and information.

By following these guidelines, you can help ensure your safety and the proper functioning of your firearm. Thank you for your attention to these important safety instructions.
