

HAMMER/SEAR BLOCK KITS - UNIVERSAL HAMMER/SEAR PIN BLOCK BLOCK ONLY

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Trigger Job Tools](#) > [Stoning Fixtures](#)

Machined steel block allows you to mate the hammer and sear (or trigger) outside of the firearm for a clear, unobstructed view of the critical point of engagement. Accepts a wide selection of hammer and sear pins sized for various handguns and rifles. Dovetailed adjustment block rides in slotted channel so pin spacing can be precisely set to match individual frames and receivers. Allen screw locks the pin setting so hammer and sear can be dropped in place relative to their actual position in the firearm. Great for cutting the engagement surfaces on new parts or fine-tuning the factory ones. Pins are individually numbered for proper identification. Hammer/Sear Pin Block Kit is packaged in a see-thru, plastic box and contains hammer/sear pin block and all nine sets of special pins for popular gun models (Browning Hi-Power, Colt Army, Ruger 10/22, AR-15 Large and Small Pin, 1911, Uberti Cattleman, Ruger New SA, And Ruger MKII).

Safety Instruction Guide for HAMMER/SEAR BLOCK KITS

Introduction

Thank you for choosing the HAMMER/SEAR BLOCK KITS. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this guide carefully before using the product.

General Safety Guidelines

- **Product Safety:** This product is designed to be safe when used correctly. Always follow the instructions provided in this guide to avoid risks.
- **Enhanced Recalls:** Stay informed about any recalls related to this product. In the event of a recall, follow the instructions provided for safe disposal or return.
- **Online Shopping Protections:** If purchased online, be aware that you have the same safety protections as if you bought it in a physical store.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of children and vulnerable individuals.
- **EU Contact Point:** For any safety inquiries, refer to the manufacturer or the retailer from whom you purchased the product.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on this product and any potential safety issues.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Risk of injury if the product is used improperly.
 - Risk of damage to the firearm if the block is not correctly adjusted.
- **Avoiding Hazards:**
 - Always ensure the firearm is unloaded before using the HAMMER/SEAR BLOCK KITS.
 - Use the block in a welllit area to clearly see the engagement points.
 - Do not force any components into the block; they should fit securely without excessive pressure.
- **AudienceSpecific Warnings:**
 - This product is intended for use by individuals knowledgeable in firearm maintenance. If you are not familiar with these processes, seek assistance from a qualified professional.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure the firearm is completely unloaded.
 2. Select the appropriate hammer and sear pins for your firearm model from the provided sets.
 3. Insert the selected pins into the HAMMER/SEAR BLOCK KITS, ensuring they are seated properly.
 4. Use the dovetailed adjustment block to set the pin spacing according to your firearm's specifications.
 5. Tighten the Allen screw to lock the pin setting in place.
- **Usage:**
 1. With the block securely set up, you can now mate the hammer and sear outside of the firearm.
 2. Ensure you have a clear view of the engagement points while working.
 3. Make any necessary adjustments to the engagement surfaces of the hammer and sear.
 4. Once adjustments are complete, carefully remove the components from the block and install them

back into the firearm.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the product is damaged or no longer in use, dispose of it in a manner that prevents any potential hazards. Contact local waste management authorities for guidance on safe disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the HAMMER/SEAR BLOCK KITS, please refer to the manufacturer or the retailer from whom you purchased the product. They will provide you with the necessary support.

By following this safety instruction guide, you can ensure a safe and effective experience with the HAMMER/SEAR BLOCK KITS. Always prioritize safety and seek professional assistance if you are unsure about any procedures.
