Shouldered Beads Screw To The Right Height Every Time; Popluar Sizes In Brass & Stainless Steel

Brownells Shotgun Sight Kit "C" is a must have for any gunsmith or sporting goods store looking to save valuable time and really please their customers. We have taken everything that's great about our Shotgun Sight Kits "A" and "B" - like their unparalleled selection of high-quality and size-popular sight beads - and added a special feature to make the beads in Kit "C" fast, easy, and convenient to install . . . every time. Every sight bead in Shotgun Sight Kit "C" has the advantage of skirted shoulders. What this means to you, the professional gunsmith or the sporting goods store owner, is you'll never have to get out your mike or calipers again to ensure you've installed the sight to its proper height. No more guesswork either! Because when the skirted shoulder reaches the barrel, it provides a positive stop that lets you know the sight is at its optimum height. Every sight from Shotgun Sight Kit "C" installs with fool-proof ease - saving you both valuable shop time and, even more important, the nightmare of upsetting a valuable customer. Not only will customers be pleased with the installation you do, they'll also love the huge selection of sizes and styles from which to choose. We selected the most popular sizes from our Shotgun Sight Kits "A" and "B", because we know that's what your customers will come in and ask you for. Plus, we know how important it is to offer different styles to please as many shooters as possible. That's why Kit "C" offers each size bead in both Gold and White. It provides the perfect selection; Gold brass for a classy, traditional look many shotgun owners are partial to and White stainless steel for a sight bead so strong it even stands up to hot bluing. Thread sizes include 3-56 and 6-48 with bead diameters of .067", .130", and .175" to give your customers the choice of small, medium and large beads. Also, for easy storage and quick identification, we've followed the same, convenient layout of Kits "A" and "B" to make it as simple as possible to find the sight you need. Kit "C's" plastic counter case is divided into eight compartments to keep the beads organized and right at your fingertips. Plus, if you put this great-looking kit on your counter for your customers to see, it's a great way to create more business by reminding people to replace broken or damaged sight beads. Brownells Shotgun Sight Kit "C" is everything you've been looking for; a huge selection, superb quality, and now the convenience of skirted shoulders. Order this time-saving, customer-pleasing kit today and enjoy the speed, precision, and ease with which each of these sights installs. Refill Sights for Kit "C" - Refills for the Shotgun Sight Kit "C" are single or 10-pak of sights of one number.

SHOTGUN SIGHT BEAD KIT "C" SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the Brownells Shotgun Sight Bead Kit "C". This guide provides essential safety instructions and usage guidelines to ensure a safe and effective experience with your product. Please read and follow these instructions carefully.

General Safety Guidelines

- Ensure safe use of the Shotgun Sight Bead Kit "C" by following all instructions provided in this manual.
- Be aware of potential hazards associated with the installation and handling of sight beads.
- Always use the product in accordance with the intended purpose.
- Keep the kit and its components out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE) such as safety glasses when handling and installing sight beads.
- Avoid using excessive force when installing sight beads to prevent damage to the product or injury.
- Ensure that your workspace is clean and welllit to minimize the risk of accidents.
- Do not use damaged or defective sight beads; inspect all components before use.
- Be cautious when handling brass and stainless steel components to avoid sharp edges or potential injuries.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and materials for installation, including the Shotgun Sight Bead Kit "C".
- Ensure your shotgun is unloaded and safe to work on.

2. Selecting the Sight Bead

- Choose the appropriate size and style of sight bead from the kit based on your needs.
- The kit includes sizes in Gold and White, with thread sizes of 356 and 648.

3. Installation

- Remove the old sight bead if applicable, using the appropriate tool.
- Clean the area where the new sight bead will be installed to ensure proper adhesion.
- Align the skirted shoulder of the new sight bead with the barrel.
- Gently screw the sight bead into place until the skirted shoulder makes contact with the barrel. This indicates the sight is at the correct height.
- Avoid overtightening to prevent damage.

4. PostInstallation Check

- Verify that the sight bead is securely installed and at the correct height.
- Check for any movement or instability in the sight bead.

Disposal Instructions

- Dispose of any unused or damaged sight beads in accordance with local regulations.
- Recycle materials where possible, following your local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the Brownells Shotgun Sight Bead Kit “C”, please refer to the manufacturer's contact information provided on the packaging or product documentation.

By following these safety instructions, you will ensure a safe and effective experience with your Brownells Shotgun Sight Bead Kit “C”. Thank you for your attention to safety and enjoy your shooting experience!
