Shouldered Beads Screw To The Right Height Every Time; Popluar Sizes In Brass & Stainless Steel

Brownells Shotgun Sight Kit "C" is a must have for any gunsmith or sporting goods store looking to save valuable time and really please their customers. We have taken everything that's great about our Shotgun Sight Kits "A" and "B" - like their unparalleled selection of high-quality and size-popular sight beads - and added a special feature to make the beads in Kit "C" fast, easy, and convenient to install . . . every time. Every sight bead in Shotgun Sight Kit "C" has the advantage of skirted shoulders. What this means to you, the professional gunsmith or the sporting goods store owner, is you'll never have to get out your mike or calipers again to ensure you've installed the sight to its proper height. No more guesswork either! Because when the skirted shoulder reaches the barrel, it provides a positive stop that lets you know the sight is at its optimum height. Every sight from Shotgun Sight Kit "C" installs with fool-proof ease - saving you both valuable shop time and, even more important, the nightmare of upsetting a valuable customer. Not only will customers be pleased with the installation you do, they'll also love the huge selection of sizes and styles from which to choose. We selected the most popular sizes from our Shotgun Sight Kits "A" and "B", because we know that's what your customers will come in and ask you for. Plus, we know how important it is to offer different styles to please as many shooters as possible. That's why Kit "C" offers each size bead in both Gold and White. It provides the perfect selection; Gold brass for a classy, traditional look many shotgun owners are partial to and White stainless steel for a sight bead so strong it even stands up to hot bluing. Thread sizes include 3-56 and 6-48 with bead diameters of .067", .130", and .175" to give your customers the choice of small, medium and large beads. Also, for easy storage and quick identification, we've followed the same, convenient layout of Kits "A" and "B" to make it as simple as possible to find the sight you need. Kit "C's" plastic counter case is divided into eight compartments to keep the beads organized and right at your fingertips. Plus, if you put this great-looking kit on your counter for your customers to see, it's a great way to create more business by reminding people to replace broken or damaged sight beads. Brownells Shotgun Sight Kit "C" is everything you've been looking for; a huge selection, superb quality, and now the convenience of skirted shoulders. Order this time-saving, customer-pleasing kit today and enjoy the speed, precision, and ease with which each of these sights installs. Refill Sights for Kit "C" - Refills for the Shotgun Sight Kit "C" are single or 10-pak of sights of one number.

Safety Instruction Guide for Brownells Shotgun Sight Bead Kit “C”

Introduction

Thank you for choosing the Brownells Shotgun Sight Bead Kit “C”. This kit is designed to enhance your shotgun's performance while ensuring safe and effective installation. Please read this safety instruction guide carefully to ensure proper use and compliance with safety standards.

General Safety Guidelines

- Ensure the product is used only for its intended purpose, which is to install sight beads on shotguns.
- Keep the kit out of reach of children and pets to prevent accidental ingestion or injury.
- Regularly inspect the sight beads and installation tools for wear or damage before use.
- Always follow local laws and regulations regarding firearm modifications and accessories.
- In case of any malfunction or injury, report it to the appropriate authorities immediately.

Specific Safety Precautions for Use

- Use eye protection when installing sight beads to avoid injury from small parts or tools.
- Handle all components with care to prevent dropping or damaging them.
- Avoid using excessive force during installation, as this can result in damage to the sight or the shotgun.
- Do not attempt to modify the sight beads or their installation components in any way.
- If you are unsure about the installation process, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure the shotgun is unloaded and pointed in a safe direction before beginning the installation.
- Gather all necessary tools, including a screwdriver and any other equipment specified in the product manual.

2. Installation:

- Select the appropriate sight bead from the kit based on the size and style preferred.
- Align the sight bead with the barrel of the shotgun.
- Gently screw the sight bead into place, ensuring that the skirted shoulders make contact with the barrel for proper height.
- Check that the sight bead is secure but do not overtighten, as this may cause damage.

3. PostInstallation:

- Inspect the installation to ensure the sight bead is properly aligned and secure.
- Test the sight bead by looking down the barrel to ensure it is visible and correctly positioned.
- Store any unused sight beads in the provided storage case to keep them organized and protected.

Disposal Instructions

- Dispose of any damaged or unused sight beads in accordance with local waste disposal regulations.
- Do not throw sight beads in regular household waste if they are made of materials that require special handling.
- If you are unsure about disposal methods, contact your local waste management authority for guidance.

Contact Information for Further Support

For any inquiries regarding the safety or usage of the Brownells Shotgun Sight Bead Kit “C”, please refer to the contact information provided with your product packaging or consult the manufacturer’s website for additional resources.

Thank you for your attention to these safety guidelines. Enjoy your Brownells Shotgun Sight Bead Kit “C” and ensure a safe and successful installation!
