Shouldered Beads Screw To The Right Height Every Time; Popluar Sizes In Brass & Stainless Steel

Brownells Shotgun Sight Kit "C" is a must have for any gunsmith or sporting goods store looking to save valuable time and really please their customers. We have taken everything that's great about our Shotgun Sight Kits "A" and "B" - like their unparalleled selection of high-quality and size-popular sight beads - and added a special feature to make the beads in Kit "C" fast, easy, and convenient to install . . . every time. Every sight bead in Shotgun Sight Kit "C" has the advantage of skirted shoulders. What this means to you, the professional gunsmith or the sporting goods store owner, is you'll never have to get out your mike or calipers again to ensure you've installed the sight to its proper height. No more guesswork either! Because when the skirted shoulder reaches the barrel, it provides a positive stop that lets you know the sight is at its optimum height. Every sight from Shotgun Sight Kit "C" installs with fool-proof ease - saving you both valuable shop time and, even more important, the nightmare of upsetting a valuable customer. Not only will customers be pleased with the installation you do, they'll also love the huge selection of sizes and styles from which to choose. We selected the most popular sizes from our Shotgun Sight Kits "A" and "B", because we know that's what your customers will come in and ask you for. Plus, we know how important it is to offer different styles to please as many shooters as possible. That's why Kit "C" offers each size bead in both Gold and White. It provides the perfect selection; Gold brass for a classy, traditional look many shotgun owners are partial to and White stainless steel for a sight bead so strong it even stands up to hot bluing. Thread sizes include 3-56 and 6-48 with bead diameters of .067", .130", and .175" to give your customers the choice of small, medium and large beads. Also, for easy storage and quick identification, we've followed the same, convenient layout of Kits "A" and "B" to make it as simple as possible to find the sight you need. Kit "C's" plastic counter case is divided into eight compartments to keep the beads organized and right at your fingertips. Plus, if you put this great-looking kit on your counter for your customers to see, it's a great way to create more business by reminding people to replace broken or damaged sight beads. Brownells Shotgun Sight Kit "C" is everything you've been looking for; a huge selection, superb quality, and now the convenience of skirted shoulders. Order this time-saving, customer-pleasing kit today and enjoy the speed, precision, and ease with which each of these sights installs. Refill Sights for Kit "C" - Refills for the Shotgun Sight Kit "C" are single or 10-pak of sights of one number.

Safety Instruction Guide for SHOTGUN SIGHT BEAD KIT "C"

Introduction

Thank you for choosing the Brownells Shotgun Sight Bead Kit "C". This product is designed to enhance your shotgun's performance and ensure a satisfying experience for both gunsmiths and customers. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product specifications.
- Always handle your shotgun and accessories with care to avoid accidents.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check the product for any signs of damage or wear before use.
- Report any unsafe product incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when installing or using the sight bead kit.
- Ensure that the shotgun is unloaded and pointed in a safe direction during installation.
- Avoid using excessive force when installing the sight beads to prevent damage to the shotgun or the beads.
- Do not modify the sight beads in any way, as this may compromise their safety and effectiveness.
- If you experience difficulty during installation, consult a professional gunsmith.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and materials, including the Shotgun Sight Bead Kit "C".
- Ensure that your working area is clean and welllit.

2. Installation Steps

- Confirm that your shotgun is unloaded and safe.
- Select the appropriate sight bead size from Kit "C" based on the specifications of your shotgun.
- Remove any old sight bead if applicable, following the manufacturer's instructions.
- Align the skirted shoulder of the new sight bead with the barrel of the shotgun.
- Gently press the sight bead into place until the skirted shoulder makes contact with the barrel. This will indicate that the bead is at its optimal height.
- Ensure that the sight bead is secure and does not move when tested.

3. PostInstallation Checks

- After installation, inspect the sight bead to ensure it is properly seated.
- Test the shotgun to confirm that the sight bead is functioning as intended.

Disposal Instructions

- Dispose of any damaged or unusable sight beads in accordance with local regulations.
- Recycle packaging materials where possible to reduce environmental impact.

Contact Information for Further Support

For any inquiries regarding the safety or use of the Brownells Shotgun Sight Bead Kit "C", please refer to the contact information provided with your product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with your Brownells Shotgun Sight Bead Kit "C". Thank you for your attention to these important guidelines.
