Shouldered Beads Screw To The Right Height Every Time; Popluar Sizes In Brass & Stainless Steel

Brownells Shotgun Sight Kit "C" is a must have for any gunsmith or sporting goods store looking to save valuable time and really please their customers. We have taken everything that's great about our Shotgun Sight Kits "A" and "B" - like their unparalleled selection of high-quality and size-popular sight beads - and added a special feature to make the beads in Kit "C" fast, easy, and convenient to install . . . every time. Every sight bead in Shotgun Sight Kit "C" has the advantage of skirted shoulders. What this means to you, the professional gunsmith or the sporting goods store owner, is you'll never have to get out your mike or calipers again to ensure you've installed the sight to its proper height. No more guesswork either! Because when the skirted shoulder reaches the barrel, it provides a positive stop that lets you know the sight is at its optimum height. Every sight from Shotgun Sight Kit "C" installs with fool-proof ease - saving you both valuable shop time and, even more important, the nightmare of upsetting a valuable customer. Not only will customers be pleased with the installation you do, they'll also love the huge selection of sizes and styles from which to choose. We selected the most popular sizes from our Shotgun Sight Kits "A" and "B", because we know that's what your customers will come in and ask you for. Plus, we know how important it is to offer different styles to please as many shooters as possible. That's why Kit "C" offers each size bead in both Gold and White. It provides the perfect selection; Gold brass for a classy, traditional look many shotgun owners are partial to and White stainless steel for a sight bead so strong it even stands up to hot bluing. Thread sizes include 3-56 and 6-48 with bead diameters of .067", .130", and .175" to give your customers the choice of small, medium and large beads. Also, for easy storage and quick identification, we've followed the same, convenient layout of Kits "A" and "B" to make it as simple as possible to find the sight you need. Kit "C's" plastic counter case is divided into eight compartments to keep the beads organized and right at your fingertips. Plus, if you put this great-looking kit on your counter for your customers to see, it's a great way to create more business by reminding people to replace broken or damaged sight beads. Brownells Shotgun Sight Kit "C" is everything you've been looking for; a huge selection, superb quality, and now the convenience of skirted shoulders. Order this time-saving, customer-pleasing kit today and enjoy the speed, precision, and ease with which each of these sights installs. Refill Sights for Kit "C" - Refills for the Shotgun Sight Kit "C" are single or 10-pak of sights of one number.

Safety Instruction Guide for SHOTGUN SIGHT BEAD KIT "C" WITH SHOULDERS

Introduction

Thank you for choosing the Brownells Shotgun Sight Bead Kit "C". This kit is designed for professional gunsmiths and sporting goods store owners, providing a convenient and efficient way to install shotgun sight beads. To ensure safe usage and maximize the benefits of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle the sight beads with care to avoid injury.
- Keep the kit out of reach of children and vulnerable individuals.
- Regularly inspect the sight beads for any signs of damage or wear before installation.
- Follow all local laws and regulations regarding the use of firearm accessories.

Specific Safety Precautions for Use

- Before installation, ensure that the shotgun is unloaded and pointed in a safe direction.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the sight beads.
- Avoid using excessive force during installation to prevent damage to the sight beads or the shotgun.
- Be aware of your surroundings and ensure that no one is in close proximity while installing the sight beads.
- If you experience any difficulties during installation, cease operation and consult a professional.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a screwdriver and any other tools recommended for your shotgun model.
- Ensure that the workspace is clean and welllit.

2. Installation Steps:

- Verify that your shotgun is unloaded.
- Select the appropriate sight bead from the kit based on your desired size and color.
- Remove any existing sight bead by unscrewing it from the barrel.
- Clean the area where the new sight bead will be installed to ensure a secure fit.
- Thread the new sight bead into the barrel until the skirted shoulder makes contact with the barrel.
- Ensure that the sight bead is at the correct height; the skirted shoulder will provide a positive stop.
- Tighten the sight bead securely, but avoid overtightening which may cause damage.

3. PostInstallation:

- Inspect the installation to ensure that the sight bead is secure and at the correct height.
- Perform a function check of the shotgun to ensure that everything operates correctly.

Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling regulations.
- If the sight beads become damaged and cannot be used, dispose of them in a manner that prevents accidental injury to others.
- Do not dispose of the product in regular household waste if it contains hazardous materials. Check local regulations for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Brownells Shotgun Sight Bead Kit “C”, please refer to the product packaging for contact details or consult the manufacturer's website for additional resources.

By following these safety instructions, you can ensure the safe and effective use of the Brownells Shotgun Sight Bead Kit “C”. Thank you for your attention to safety, and enjoy using your new sight bead kit!
