## **Shouldered Beads Screw To The Right Height Every Time; Popluar Sizes In Brass & Stainless Steel**

Brownells Shotgun Sight Kit "C" is a must have for any gunsmith or sporting goods store looking to save valuable time and really please their customers. We have taken everything that's great about our Shotgun Sight Kits "A" and "B" - like their unparalleled selection of high-quality and size-popular sight beads - and added a special feature to make the beads in Kit "C" fast, easy, and convenient to install . . . every time. Every sight bead in Shotgun Sight Kit "C" has the advantage of skirted shoulders. What this means to you, the professional gunsmith or the sporting goods store owner, is you'll never have to get out your mike or calipers again to ensure you've installed the sight to its proper height. No more guesswork either! Because when the skirted shoulder reaches the barrel, it provides a positive stop that lets you know the sight is at its optimum height. Every sight from Shotgun Sight Kit "C" installs with fool-proof ease - saving you both valuable shop time and, even more important, the nightmare of upsetting a valuable customer. Not only will customers be pleased with the installation you do, they'll also love the huge selection of sizes and styles from which to choose. We selected the most popular sizes from our Shotgun Sight Kits "A" and "B", because we know that's what your customers will come in and ask you for. Plus, we know how important it is to offer different styles to please as many shooters as possible. That's why Kit "C" offers each size bead in both Gold and White. It provides the perfect selection; Gold brass for a classy, traditional look many shotgun owners are partial to and White stainless steel for a sight bead so strong it even stands up to hot bluing. Thread sizes include 3-56 and 6-48 with bead diameters of .067", .130", and .175" to give your customers the choice of small, medium and large beads. Also, for easy storage and quick identification, we've followed the same, convenient layout of Kits "A" and "B" to make it as simple as possible to find the sight you need. Kit "C's" plastic counter case is divided into eight compartments to keep the beads organized and right at your fingertips. Plus, if you put this great-looking kit on your counter for your customers to see, it's a great way to create more business by reminding people to replace broken or damaged sight beads. Brownells Shotgun Sight Kit "C" is everything you've been looking for; a huge selection, superb quality, and now the convenience of skirted shoulders. Order this time-saving, customer-pleasing kit today and enjoy the speed, precision, and ease with which each of these sights installs. Refill Sights for Kit "C" - Refills for the Shotgun Sight Kit "C" are single or 10-pak of sights of one number.

# Safety Instruction Guide for Brownells Shotgun Sight Bead Kit "C"

## Introduction

Thank you for choosing the Brownells Shotgun Sight Bead Kit "C". This safety instruction guide is designed to help you understand the safe use, installation, and disposal of this product. Please read this guide carefully to ensure your safety and the safety of others.

## General Safety Guidelines

- Always handle the kit with care to avoid injury.
- Ensure that the workspace is clean, dry, and free from distractions while using the kit.
- Keep the kit out of reach of children and pets.
- Inspect all components for damage before use. Do not use if any parts are damaged.
- Follow all local laws and regulations regarding firearms and sight installation.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling tools or installing sights.
- Be aware of the potential hazards associated with firearms. Always treat firearms as if they are loaded.
- Ensure that the firearm is pointed in a safe direction when installing or adjusting sights.
- Do not attempt to install or adjust sights while the firearm is loaded.
- Use the correct tools and techniques as described in the installation instructions to avoid injury or damage.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and components from the kit.
- Ensure the firearm is unloaded and pointed in a safe direction.

### 2. Installation Steps

- Select the appropriate sight bead from the kit based on your preference for size and color (Gold or White).
- Remove any existing sight bead from the firearm, if applicable.
- Clean the area where the new sight bead will be installed to ensure proper adhesion.
- Align the skirted shoulder of the sight bead with the barrel. The shoulder provides a positive stop to ensure correct height.
- Secure the sight bead according to the manufacturer's instructions, ensuring it is tight and stable.
- Check the installation for stability before using the firearm.

### 3. PostInstallation

- Inspect the sight bead to ensure proper installation.
- Test the sight bead for stability by gently pulling on it.
- Store any unused sight beads in the provided plastic counter case for easy access in the future.

## **Disposal Instructions**

- Dispose of any damaged or unused sight beads in accordance with local waste disposal regulations.
- Do not throw sight beads in regular household waste if they contain hazardous materials. Check local guidelines for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the Brownells Shotgun Sight Bead Kit "C", please refer to the manufacturer's contact information, which can be found on the product packaging or the manufacturer's website.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective installation of your Brownells Shotgun Sight Bead Kit "C". Always prioritize safety when handling firearms and related equipment. Thank you for your attention to these important guidelines.
