

RECEIVER FACING CUTTER & PILOTS - BROWNELLS 1" RECEIVER FACING PILOT

[Gunsmith Tools](#) > [Rifle Tools](#) > [Action & Bolt Trueing Tools](#)

Trues The Receiver Face For A Highly Accurate Rifle; Eliminates Lathe Work

Hardened steel cutter and pilots provide the perfect combo for accurizing Remington 700 and AR-15 actions without a lathe. Large, 1½" diameter cutter squares the receiver face to the boltway for precise mating to the barrel. Twelve, 90° flutes deliver even pressure and a smooth, chatter-free cut when used with Brownells Muzzle Facing & Chamfering T-Handle, shown below, or our Drill Chuck Adaptor. .700" diameter pilot fits factory-original, Remington 700 receivers.

RECEIVER FACING CUTTER & PILOTS

BROWNELLS 1" RECEIVER FACING PILOT Safety Instructions

Introduction

Thank you for choosing the RECEIVER FACING CUTTER & PILOTS BROWNELLS 1" RECEIVER FACING PILOT. This product is designed to help accurize Remington 700 and AR15 actions without the need for a lathe. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that you understand all instructions before using the product.
- Use protective gear such as safety glasses and gloves to prevent injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the cutter and pilots for wear or damage before each use.
- Do not use the product if it is damaged or if any components are missing.
- Follow all local regulations regarding the use of tools and equipment.

Specific Safety Precautions for Use

- Always secure the workpiece properly before using the cutter to prevent movement.
- Avoid loose clothing and jewelry that may get caught in the tool.
- Ensure that the work area is clean, welllit, and free from distractions.
- Do not apply excessive force; let the tool do the work to avoid breakage.
- Be aware of your surroundings and ensure that no one is in the immediate area while you are using the cutter.
- If you experience any unusual noise or vibration while using the tool, stop immediately and inspect it for issues.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure the work area is clean and organized.

2. Installation:

- Attach the cutter securely to the compatible tool (e.g., Brownells Muzzle Facing & Chamfering THandle or Drill Chuck Adaptor).
- Ensure the cutter is properly aligned and tightened before use.

3. Usage:

- Position the receiver securely in a vice or similar holding device.
- Insert the .700" diameter pilot into the receiver.
- Begin cutting by applying light pressure and maintaining a steady pace.
- Use the twelve 90° flutes to achieve an even cut; avoid excessive force.
- Periodically check the cut to ensure accuracy and adjust as needed.

4. PostUsage:

- Clean the cutter and pilots after use to remove any debris or residue.
- Store the product in a dry, secure location away from children.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste if it is damaged or contains hazardous materials.
- Consider recycling components where possible.

Contact Information for Further Support

For any inquiries or concerns regarding the safety or usage of this product, please refer to the manufacturer's contact information provided on the packaging or product documentation.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
