# Safety Instruction Guide for TRIGGER GROUP BEDDING BLOCK

## Introduction

Thank you for choosing the TRIGGER GROUP BEDDING BLOCK from BROWNELLS. This guide provides essential safety instructions and recommendations to ensure the safe use of this product. Please read this guide carefully before installation and usage.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- In case of any issues, discontinue use immediately and seek assistance.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as gloves and safety glasses when handling the product.
- Ensure your workspace is clean and free from any unnecessary items to prevent accidents.
- Avoid using the product in wet or damp conditions to prevent slipping and other hazards.
- Do not modify or alter the product in any way, as this may compromise safety and effectiveness.
- Use the product only with the specified firearm model (Remington 700) to ensure proper fit and function.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including the TRIGGER GROUP BEDDING BLOCK, release agent, and any required PPE.
- Ensure your workspace is wellventilated.

### 2. Removal of Trigger Assembly:

- Carefully remove the trigger assembly from the firearm, following the manufacturer's instructions.
- Set the trigger assembly aside in a safe location.

### 3. Installation of Bedding Block:

- Take the TRIGGER GROUP BEDDING BLOCK and attach it securely in place of the removed trigger assembly.
- Ensure it fits snugly and aligns properly with the firearm.

### 4. Application of Release Agent:

- Apply a release agent to the bedding block as per the manufacturer's instructions to prevent the bedding compound from adhering to the block.

### 5. Bedding Process:

- Proceed with the bedding process according to your specific needs, ensuring that the bedding compound does not come into contact with the trigger block.

- Follow the recommended drying times and procedures for the bedding compound used.

#### **6. Removal of Bedding Block:**

- Once the bedding process is complete and the compound has cured, carefully remove the TRIGGER GROUP BEDDING BLOCK.
- Inspect for any residue and clean as necessary.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the product is damaged or no longer usable, dispose of it responsibly, ensuring that it does not pose a risk to the environment or public safety.

## **Contact Information for Further Support**

For any questions or concerns regarding the TRIGGER GROUP BEDDING BLOCK, please contact the manufacturer directly through their official channels. Ensure to have your product details ready for a more efficient response.

By following these guidelines, you can ensure a safe and effective experience with the TRIGGER GROUP BEDDING BLOCK. Thank you for your attention to safety and compliance.
