# Safety Instruction Guide for REMINGTON 700 RIVETED EXTRACTOR KITS

## Introduction

Thank you for choosing the REMINGTON 700 Riveted Extractor Kit from Brownells. This kit is designed to replace the original Remington factory part, ensuring your older rifles continue to perform effectively. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

## General Safety Guidelines

- Ensure you are familiar with the operation of your rifle before attempting installation.
- Always handle firearms with care and respect, following all safety protocols.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the extractor and other components for wear or damage.
- If you experience any issues during installation or usage, seek professional assistance.

## Specific Safety Precautions for Use

- Only use the extractor kit with compatible rifle models: 700, 600, 600M, 660, 742, 760, 788, 40X, and XP100.
- The small extractor fits calibers with a .378" (9.60mm) diameter case head, including .17 Rem., .222, and .223.
- Ensure the rifle is unloaded before beginning installation.
- Wear safety glasses during installation to protect your eyes from potential debris.
- Use appropriate tools as specified in the installation instructions to avoid damage to the rifle or extractor.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and components from the kit: extractor, two rivets, and instructions.
- Ensure your workspace is clean and welllit.

### 2. Installation Steps:

- Confirm the rifle is unloaded and remove the bolt from the rifle.
- Follow the specific instructions provided in the kit for removing the old extractor.
- Align the new extractor with the bolt and insert it according to the instructions.
- Secure the extractor using the provided rivets, ensuring a tight fit.
- Reassemble the bolt and reinstall it into the rifle.

### 3. PostInstallation:

- Test the function of the extractor by cycling the action of the rifle with dummy rounds.
- Check for proper extraction before livefire use.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the extractor or rivets in regular household waste. Contact local waste management for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or installation, please refer to the manufacturer's website or customer service for assistance.

By following these safety instructions, you can ensure the safe and effective use of the REMINGTON 700 Riveted Extractor Kit. Thank you for prioritizing safety and performance in your firearm maintenance.
