# Safety Instruction Guide for NYLON/BRASS DRIFT PUNCH

## Introduction

Thank you for choosing the NYLON/BRASS DRIFT PUNCH by Brownells. This product is designed for gunsmiths, machinists, and toolmakers, providing a reliable solution for various applications. To ensure your safety and the effective use of this tool, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always use the punch in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and unauthorized users.
- Inspect the punch regularly for any signs of wear or damage before use.
- Do not use the punch for purposes other than those intended.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when using this tool.
- Ensure the work area is clean and free of hazards to prevent accidents.

## Specific Safety Precautions for Use

- Use the appropriate tip for your specific application to prevent damage and ensure safety.
- Do not apply excessive force when using the punch as this can lead to breakage or injury.
- Be cautious of your hands and fingers when using the punch to avoid pinching or crushing injuries.
- If using the punch on metal surfaces, ensure that the surface is stable and secured.
- Always check that the punch tip is securely attached before use to avoid detachment during operation.
- Avoid using the punch in wet or damp conditions to prevent slipping.

## Instructions for Installation and Usage

### 1. Selecting the Tip:

- Choose the appropriate tip based on your needs:
  - 5/16" Nylon tip for marfree punching.
  - Brass tips in various diameters for slightly harder impacts.
  - Aluminum tips for specific applications requiring softer impacts.

### 2. Installing the Tip:

- Ensure the handle is securely held.
- Insert the chosen tip into the handle until it clicks into place.
- Verify that the tip is firmly attached before proceeding.

### 3. Using the Punch:

- Position the punch at the desired location where you want to apply pressure.
- Hold the punch with a firm grip on the knurled handle.
- Gently strike the handle with a hammer or mallet to initiate the punching action.
- Avoid excessive force; if the punch does not penetrate, reassess the alignment and force applied.

### 4. PostUse Care:

- After use, clean the punch and tips to remove any debris or residue.

- Store the punch and tips in a safe, dry place to prevent damage.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- If the punch or tips are damaged beyond repair, ensure they are disposed of in a way that prevents injury to others.
- Recycle materials where possible, following local recycling guidelines.

## **Contact Information for Further Support**

For any inquiries regarding the safety and usage of the NYLON/BRASS DRIFT PUNCH, please refer to the manufacturer's contact information included with your product packaging.

By following these guidelines, you can ensure safe and effective use of the NYLON/BRASS DRIFT PUNCH. Thank you for your attention to safety.
