

# ROLL PIN STARTER PUNCHES - STANDARD ROLL PIN STARTER PUNCH, #1, 1/16"

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Punches](#)

## Start Roll Pins Without Damage

Start the removal of roll or spring pins without causing damage to the pins or the punch. Short shaft starter punch gives you more control by putting your hand closer to the pin and keeps you from bending longer finishing roll pin punches. Made from solid steel, with parallel-ground shanks and knurled handles.

# ROLL PIN STARTER PUNCHES SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the ROLL PIN STARTER PUNCHES. These tools are designed to assist in the safe removal of roll or spring pins without causing damage to the pins or the punch itself. This safety instruction guide provides essential information to ensure the safe use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that you read and understand all instructions before using the product.
- Always inspect the punch for any signs of wear or damage before use.
- Use the punch only for its intended purpose as specified in this guide.
- Keep the punch out of reach of children and vulnerable individuals.
- Store the punch in a safe place when not in use to prevent accidents.
- Report any unsafe conditions or incidents involving the product to the appropriate authorities.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the punch.
- Ensure that the work area is clean and free of hazards before starting any work.
- Use the punch on a stable surface to prevent slipping or movement during use.
- Do not use excessive force when using the punch; this may lead to bending or breakage.
- Avoid using the punch on materials that are too hard or brittle, as this may cause damage to the punch or the material being worked on.
- Do not leave the punch unattended while in use.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure that the work area is welllit and organized.

### 2. Using the Punch:

- Select the appropriate size punch for the roll or spring pin you are removing.
- Position the punch over the pin, ensuring it is aligned correctly.
- Hold the punch firmly by the knurled handle for better grip and control.
- Gently tap the end of the punch with a hammer to start the removal process.
- Continue tapping until the pin is fully removed, taking care not to damage the surrounding material.

### 3. After Use:

- Clean the punch after use to remove any debris or contaminants.
- Store the punch in a designated tool storage area to prevent damage.

## **Disposal Instructions**

- Dispose of any damaged or wornout punches in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check with local waste management authorities for proper disposal methods.
