

# ROLL PIN STARTER PUNCHES - STANDARD ROLL PIN STARTER PUNCH, #5, 5/32"

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Punches](#)

## Start Roll Pins Without Damage

Start the removal of roll or spring pins without causing damage to the pins or the punch. Short shaft starter punch gives you more control by putting your hand closer to the pin and keeps you from bending longer finishing roll pin punches. Made from solid steel, with parallel-ground shanks and knurled handles.

# ROLL PIN STARTER PUNCHES SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the ROLL PIN STARTER PUNCHES. This guide provides essential safety instructions to ensure the safe use of the product. Please read the following guidelines carefully to maximize your safety and the effectiveness of the tool.

## General Safety Guidelines

- Always inspect the punch for any damage or wear before use.
- Use the punch only for its intended purpose: removing roll or spring pins.
- Keep the work area clean and welllit to avoid accidents.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves.
- Store the punch in a safe place, out of reach of children and pets.
- Do not use the punch if you are tired or under the influence of drugs or alcohol.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the punch is securely positioned before striking it with a hammer.
- Use a hammer that is appropriate for the size of the punch to avoid damaging it.
- Do not apply excessive force; if the punch does not move the pin, reassess the situation.
- Do not use the punch on pins that are rusted or corroded, as this may cause injury.
- Always keep your hands and other body parts away from the striking area.
- If the punch slips, do not attempt to catch it; allow it to fall safely.

## Instructions for Installation and Usage

### 1. Preparation:

- Identify the size of the roll or spring pin you need to remove.
- Select the appropriate size punch from the kit (sizes range from #1 to #7).

### 2. Positioning:

- Align the punch with the center of the pin you wish to remove.
- Hold the punch firmly with one hand while stabilizing the workpiece with the other.

### 3. Striking:

- Using a hammer, strike the end of the punch gently but firmly.
- Repeat the process as necessary until the pin is removed.

### 4. PostUse:

- After use, clean the punch to remove any debris or residue.
- Store the punch in its designated case or area to prevent damage.

## Disposal Instructions

- Dispose of the punch responsibly at a designated recycling facility if it becomes unusable.

- Do not throw the punch in regular household waste as it may be harmful to the environment.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the ROLL PIN STARTER PUNCHES, please refer to the manufacturer's contact details provided on the packaging or product insert.

By following these safety instructions, you can ensure a safe and effective experience with your ROLL PIN STARTER PUNCHES. Thank you for prioritizing safety!
