

ROLL PIN STARTER PUNCHES - BROWNEllS STANDARD ROLL PIN STARTER PUNCH, #7, 7/32"

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Punches](#)

Start Roll Pins Without Damage

Start the removal of roll or spring pins without causing damage to the pins or the punch. Short shaft starter punch gives you more control by putting your hand closer to the pin and keeps you from bending longer finishing roll pin punches. Made from solid steel, with parallel-ground shanks and knurled handles.

ROLL PIN STARTER PUNCHES Safety Instruction Guide

Introduction

Thank you for choosing the ROLL PIN STARTER PUNCHES from BROWNELLS. This guide provides essential safety instructions to ensure the safe and effective use of the product. By following these guidelines, you can minimize risks and enhance your experience while using the roll pin starter punch.

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the roll pin starter punch before each use for any signs of damage or wear.
- Use the product only for its intended purpose, which is to start the removal of roll or spring pins.
- Wear appropriate personal protective equipment (PPE), such as safety glasses, when using the punch.
- Ensure your work area is clean and welllit to prevent accidents.
- Do not use excessive force when using the punch to avoid injury or damage to the tool.

Specific Safety Precautions for Use

- Ensure that the item you are working on is securely held in place to prevent movement during use.
- Always position your hands and fingers away from the punch's striking area to avoid injury.
- Do not use the punch on materials for which it is not designed, as this may cause damage or injury.
- If the punch becomes stuck, do not force it; instead, assess the situation and use the appropriate method to release it safely.
- Avoid using the punch in wet or damp conditions to reduce the risk of slipping or electrical hazards.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the roll pin starter punch and a hammer.
- Ensure that the workpiece is clean and free of debris.

2. Selecting the Right Size:

- Choose the appropriate size of the roll pin starter punch from the kit. The sizes available are:
 - #1, 1/16" (1.6mm)
 - #2, 5/64" (2mm)
 - #3, 3/32" (2.4mm)
 - #4, 1/8" (3.2mm)
 - #5, 5/32" (4mm)
 - #6, 3/16" (4.8mm)
 - #7, 7/32" (5.5mm)

3. Using the Punch:

- Hold the punch by the knurled handle for a secure grip.
- Align the punch with the center of the roll or spring pin.
- Gently tap the punch with a hammer to start the pin removal process. Gradually increase the force as needed.
- Maintain control of the punch at all times to prevent slipping.

4. PostUse:

- After use, clean the punch to remove any debris or residue.
- Store the punch in a safe and dry place, away from children.

Disposal Instructions

- Dispose of the roll pin starter punch according to local regulations for metal waste.
- Do not dispose of the punch in regular household waste.
- Consider recycling the product if possible.

Contact Information for Further Support
