## Plenty Of Length To Apply Anything, Anywhere

Extra-length, Polypropylene handle gives you plenty to hang onto when reaching up inside short and magnum-length rifle actions and barrel chambers. Use the cotton applicator tip to clean, lubricate, touch-up bluing, and for countless other jobs around the gunsmith shop. Works great for stock finishing; gets into those hard to reach, inletted areas around the tang, trigger and magazine. Won't leave lint fibers, brush bristles or fingerprints behind.
