

AR-15/M16 MAGAZINE FEED LIP TOOL - BROWNELLS AR-15 MAGAZINE FEED LIP TOOL

[Gunsmith Tools](#) > [Rifle Tools](#) > [Magazine Tools](#)

Reforms Feed Lips For Improved Magazine Performance

Feeding problems and jams in your AR-15 can often be attributed to bent or malformed magazine feed lips. This easy-to-use tool is designed specifically to bend the feed lips back into place, so they guide the cartridge body like they're supposed to. Trying to straighten the lips with pliers can create rough, unsightly gouges, or worse yet, cracks in the metal that can't be repaired. The machined, steel shank with bevel cut and slot allows you to hook the lips and keep them supported, while you tweak their angle of contact on the cartridge case. Helps you recondition those old magazines, and saves the cost of buying new ones.

Attributes

Safety Instruction Guide for AR15/M16 Magazine Feed Lip Tool

Introduction

Thank you for choosing the AR15/M16 Magazine Feed Lip Tool by Brownells. This tool is designed to help you maintain your AR15 magazines by correcting bent or malformed feed lips. Proper use of this tool will enhance the functionality of your magazines and improve the overall performance of your firearm. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always read and understand the instructions before using the tool.
- Ensure that the tool is used only for its intended purpose.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool for any signs of damage before each use.
- Use the tool in a welllit and clean environment.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when using the tool.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not use excessive force when bending the feed lips, as this may cause the tool or magazine to break.
- Avoid using pliers or other tools in conjunction with the feed lip tool, as this may lead to damage.
- Ensure that the magazine is empty before attempting to adjust the feed lips.
- Do not attempt to repair severely damaged magazines; replace them instead.
- Keep the tool away from moisture and extreme temperatures to prevent rust and degradation.
- Follow all local laws and regulations regarding firearm accessories and maintenance.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the magazine is unloaded and clean.
- Inspect the magazine feed lips for any visible damage.

2. Using the Tool:

- Hold the Magazine Feed Lip Tool firmly by the handle.
- Position the tool's shank against the magazine feed lip that needs adjustment.
- Gently hook the feed lip with the tool's bevel cut.
- Gradually apply pressure to bend the feed lip back into the correct position.
- Check the alignment frequently to ensure proper contact with the cartridge case.
- Repeat the process for any additional feed lips as necessary.

3. PostUse:

- After adjustments are made, inspect the magazine to ensure that the feed lips are properly aligned.
- Clean the tool after each use to maintain its functionality.

Disposal Instructions

- Dispose of the tool according to local regulations for metal products.
- If the tool is damaged beyond repair, ensure that it is disposed of in a manner that prevents accidental use.
- Do not dispose of the tool in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the AR15/M16 Magazine Feed Lip Tool, please consult the manufacturer's website or contact their customer service for assistance. Additionally, keep updated on product recalls and safety notices through the EU's Safety Gate platform.

By following these guidelines and instructions, you ensure a safe and effective experience while using the AR15/M16 Magazine Feed Lip Tool. Thank you for your attention to safety and proper firearm maintenance.
