

STAINLESS STEEL SPONGE - BROWNELLS STAINLESS STEEL SPONGE

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Abrasives](#) > [Metal Wool](#)

Removes Lead & Rust From Steel; Cleans Fouling From Black Powder Shooting

Stainless steel sponge cleans down to the original surface. Ideal for cleaning rust from loading dies, bullet molds, and guns without damaging the bluing. Won't leave steel whiskers like steel wool. Cut up and wrap around jags or bore brushes to scrape plastic fouling out of shotgun barrels, or lead and powder gunk out of black powder rifles and pistols. Sponge won't rust and can be cleaned for multiple uses.

Attributes

- Name: [BROWNELLS STAINLESS STEEL SPONGE](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 080000321
- Mfr. No.: 623150

Safety Instruction Guide for BROWNELLS STAINLESS STEEL SPONGE

Introduction

Thank you for choosing the BROWNELLS STAINLESS STEEL SPONGE. This product is designed to effectively clean various surfaces without causing damage. Please read this safety instruction guide carefully to ensure safe usage and compliance with EU safety regulations.

General Safety Guidelines

- Always use the stainless steel sponge according to the intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the sponge before each use. Do not use if damaged.
- Store the sponge in a dry area to prevent rusting.
- Report any unsafe product experiences to the relevant authorities.

Specific Safety Precautions for Use

- Do not use the sponge on sensitive surfaces that may scratch easily.
- Avoid prolonged contact with skin; wear gloves if necessary.
- Ensure proper ventilation when using the sponge in enclosed spaces.
- Do not ingest or use the sponge for any foodrelated cleaning.
- Be cautious when cleaning areas with residual chemicals or solvents.

Instructions for Installation and Usage

1. Preparation:

- Ensure the surface to be cleaned is free from loose debris.
- If applicable, wear protective gloves and eyewear.

2. Using the Sponge:

- Cut the stainless steel sponge into smaller pieces if needed.
- Wrap the sponge around a jag or bore brush for cleaning narrow areas.
- Gently scrub the surface in a circular motion to remove dirt or rust.
- For shotgun barrels, ensure you clean from the chamber end to the muzzle.

3. After Use:

- Rinse the sponge thoroughly with water to remove any residue.
- Allow the sponge to dry completely before storage.
- Store the sponge in a cool, dry place to maintain its effectiveness.

Disposal Instructions

- Dispose of the stainless steel sponge in accordance with local waste regulations.
- Do not incinerate, as this may release harmful substances.
- If the sponge is no longer usable, consider recycling if facilities are available.

Contact Information for Further Support

For any inquiries regarding safety or product concerns, please contact the manufacturer or your local distributor. Ensure you have the product details ready for assistance.

Thank you for prioritizing safety while using the BROWNELLS STAINLESS STEEL SPONGE. Your attention to these guidelines helps ensure a safe and effective cleaning experience.
