

PILLAR BEDDING SLEEVES - BROWNELLS PILLAR BEDDING SLEEVE COMBO

[Gunsmith Tools](#) > [Stock Work & Finishing](#) > [Pillar Bedding](#) > [Pillar Bedding Sleeves](#)

Ultimate Action-To-Wood Fit For Superb Sporting Rifle Accuracy

BROWNELLS PILLAR BEDDING SLEEVES Strong, lightweight aluminum sleeves provide a rock-solid fit between bottom metal and action to maximize accuracy from your hunting or target rifle. Far more stable than traditional stock-to-metal fitting methods, these sleeves work best with ACRAGLAS® family of bedding epoxies. Exterior grooves maximize gripping area for bedding epoxy to guarantee that even the most frequent disassembly won't loosen these sleeves. SPECS: Machined aluminum. 9/16" (14mm) diameter sleeve .3" (7.5mm) diameter center hole (letter drill size N). Short sleeve 1" (2.5cm) nominal. Long sleeve 1½" (3.8cm) nominal. Cut to fit. Sold in pairs of Long, Short, or Combo of 1 each

Pillar Bedding Sleeves Safety Instruction Guide

Introduction

Thank you for choosing the Pillar Bedding Sleeves by Brownells. This product is designed to enhance the accuracy of your hunting or target rifle by providing a stable connection between the bottom metal and the action. In order to ensure safe and effective use of this product, please read and follow the safety guidelines and instructions outlined in this document.

General Safety Guidelines

- Ensure that the Pillar Bedding Sleeves are used only for their intended purpose.
- Always inspect the product for any visible damage before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use only with compatible bedding epoxies, particularly those from the ACRAGLAS® family.
- Avoid excessive force during installation to prevent damage to the sleeves or rifle components.
- Ensure that the sleeves are properly fitted to avoid any movement that may affect accuracy.
- Wear appropriate safety gear, such as gloves and eye protection, when handling tools and materials for installation.
- Follow all manufacturer instructions when using bedding epoxies.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the Pillar Bedding Sleeves, bedding epoxy, and installation tools.
- Ensure that your work area is clean and free of distractions.

2. Installation:

- Measure and cut the sleeves to fit your specific rifle model as needed.
- Clean the surfaces where the sleeves will be installed to ensure proper adhesion.
- Apply the bedding epoxy according to the manufacturer's instructions.
- Insert the sleeves into place, ensuring they are aligned correctly.
- Allow the epoxy to cure fully as per the instructions provided by the epoxy manufacturer.

3. Usage:

- Once installed, regularly check the sleeves for any signs of loosening or wear.
- If disassembling the rifle, take care to reassemble it in the same manner to maintain accuracy.

Disposal Instructions

- Dispose of any unused or expired bedding epoxy in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of the Pillar Bedding Sleeves in regular household waste; check for local recycling options.

Contact Information for Further Support

For any questions or concerns regarding the Pillar Bedding Sleeves, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety guidelines and instructions, you can maximize the effectiveness of your Pillar Bedding Sleeves while ensuring a safe experience. Thank you for your attention and for choosing our product.
