

# BROKEN SHELL EXTRACTOR - .308 BROKEN SHELL EXTRACTOR

[Gunsmith Tools & Supplies](#) > [Handgun Tools](#) > [Stuck Case Removers](#)

## Easily Removes Broken Cases Without Field Stripping

Case head separation from over-fired or out of spec brass won't ruin your shooting experience if you keep one of these handy tools in your pocket or field kit. Hardened, steel tool reliably and easily removes broken cases from AR-type or any other firearm chambered for the .223/5.56 NATO or .308/7.62 NATO cartridges. Exclusive, threaded, two-piece design is adjustable for overall length, so the tool completely engages the rim of the case mouth; cannot slip through or strip out. Very simple to use, drop the broken shell extractor into the chamber directly inside the broken case. Allow the bolt to close so the extractor engages the rim of the tool and draw back the bolt to open the chamber. The broken case will eject along with the broken shell extractor.

# BROKEN SHELL EXTRACTOR .308 Safety Instruction Guide

## Introduction

Thank you for choosing the BROKEN SHELL EXTRACTOR .308. This tool is designed to safely and effectively remove broken cases from firearms chambered for .223/5.56 NATO or .308/7.62 NATO cartridges. It is important to follow the safety instructions outlined in this guide to ensure safe usage and to protect yourself and others.

## General Safety Guidelines

- Always handle the BROKEN SHELL EXTRACTOR with care.
- Ensure that the firearm is unloaded before using the extractor.
- Familiarize yourself with the specific operation of your firearm before attempting to use the extractor.
- Keep the extractor and all tools away from children and unauthorized users.
- Inspect the extractor for any damage before each use. Do not use if damaged.
- Report any unsafe product experiences or accidents to the relevant authorities.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Potential for injury if the extractor is used incorrectly.
- Risk of damage to the firearm if the extractor is not properly engaged.

### • Avoiding Hazards:

- Always ensure the firearm is pointed in a safe direction when using the extractor.
- Do not force the extractor into the chamber; it should fit easily.
- Do not use the extractor with firearms that are not compatible with .223/5.56 NATO or .308/7.62 NATO cartridges.
- Follow all manufacturer guidelines for your specific firearm model.

### • Age and Audience Specific Warnings:

- This product is not intended for use by individuals under the age of 18 without adult supervision.
- Ensure that inexperienced users are properly trained in the safe handling of firearms and tools.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded and the area is clear of any obstructions.
- Gather the BROKEN SHELL EXTRACTOR and ensure it is in good condition.

### 2. Using the Extractor:

- Drop the BROKEN SHELL EXTRACTOR into the chamber directly inside the broken case.
- Allow the bolt to close so that the extractor engages the rim of the tool.
- Draw back the bolt to open the chamber. The broken case will eject along with the BROKEN SHELL EXTRACTOR.
- Inspect the chamber to ensure all debris has been removed before loading fresh ammunition.

### 3. PostUsage:

- Clean the extractor after use to maintain its condition.
- Store the extractor in a safe place, away from children and unauthorized users.

## Disposal Instructions

- Dispose of the BROKEN SHELL EXTRACTOR in accordance with local regulations.
- Do not dispose of the extractor in regular household waste if it is damaged.
- Check with local waste management authorities for proper disposal methods for metal tools.

## Contact Information for Further Support

For safety inquiries or further assistance, please refer to the contact information provided by the retailer or manufacturer. It is essential to have access to support for any questions or concerns regarding the use of the BROKEN SHELL EXTRACTOR.

## Conclusion

Following these safety instructions will help ensure a safe and effective experience while using the BROKEN SHELL EXTRACTOR .308. Always prioritize safety and seek assistance if you are unsure about any procedures. Thank you for your attention to safety, and enjoy your shooting experience responsibly.
