

EXTRACTOR ROD TOOL FOR S&W - BROWNELLS SMALL EXTRACTOR ROD TOOL FOR S&W 0.228" DIAMETER

[Gunsmith Tools](#) > [Handgun Tools](#) > [Action & Frame Tools](#) > [Extractor Tools](#)

Specialized Tools For Wheel Guns

Machined aluminum clamp maintains a secure hold of the extractor rod for fast, easy removal without scratching or gouging the metal surface. Steel, Allen head screw tightens to pull the clamping halves together for a non-slip hold. Grasp the tool and unscrew the extractor. Ensures professional-looking results everytime. Available for Smith & Wesson revolvers. Recommended for use with Brownells adjustable extractor support tools.

Safety Instruction Guide for the Extractor Rod Tool for S&W Brownells

Introduction

Thank you for choosing the Extractor Rod Tool for S&W Brownells. This product is designed to assist in the safe and effective removal of extractor rods from Smith & Wesson revolvers. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always use the tool as intended and according to the instructions provided.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool before each use to ensure it is in good working condition.
- Do not use the tool if it is damaged or malfunctioning.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before attempting to use the extractor rod tool.
- Use the tool in a welllit and stable environment to avoid accidents.
- Avoid applying excessive force when using the tool to prevent damage to the extractor rod or the firearm.
- Wear appropriate safety gear, such as safety glasses, to protect against potential debris or splinters.
- Do not modify the tool or use it for any purpose other than its intended use.

Instructions for Installation and Usage

1. Preparation

- Ensure that the firearm is completely unloaded.
- Gather all necessary tools and materials, including the extractor rod tool.

2. Using the Extractor Rod Tool

- Position the machined aluminum clamp around the extractor rod, ensuring a secure hold.
- Tighten the steel Allen head screw to pull the clamping halves together for a nonslip grip.
- Grasp the tool firmly and unscrew the extractor rod slowly and carefully.
- If resistance is encountered, do not force the tool. Instead, check for proper alignment and ensure the firearm is unloaded.

3. PostUsage Care

- After use, clean the tool to remove any debris or residue.
- Store the tool in a safe location, away from children and unauthorized users.

Disposal Instructions

- Dispose of the tool in accordance with local regulations.
- If the tool is damaged beyond repair, ensure it is rendered unusable before disposal.
- Recycle materials where possible, following local recycling guidelines.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and usage of the Extractor Rod Tool for S&W Brownells, please refer to the contact information provided with the product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with your Extractor Rod Tool for S&W Brownells. Always prioritize safety and adhere to the guidelines provided. Thank you for your attention to these important safety measures.
