## Easily Removes Carbon Deposits From Bolt Tail With A Few Gentle Turns

Easy to use hand-held tool is for serious AR-15 shooters who want to quickly eradicate the carbon buildup on the bolt tail that's difficult to remove with conventional cleaning methods. Helps ensure efficient gas system function and reliable cycling. This hard-working, stand-alone tool does the whole job – no need for brushes, solvents, or breakdown sprays. Just remove the bolt from your rifle and insert the bolt tail into scraper, then turn the scraper clockwise to remove the carbon. The comfortable, contoured handle provides excellent leverage. A few gentle turns should be all that's needed for the bolt tail to be clean and ready for action.

# Safety Instruction Guide for AR15/M16 Bolt Radius Scraper

## Introduction

Thank you for purchasing the AR15/M16 Bolt Radius Scraper. This handheld tool is specifically designed for serious AR15 shooters who need to effectively remove carbon buildup on the bolt tail. To ensure your safety and the safe use of this product, please read and follow the guidelines outlined in this safety instruction guide.

## General Safety Guidelines

- Ensure that the scraper is used only for its intended purpose of cleaning the bolt tail of AR15/M16 rifles.
- Always handle the scraper with care to avoid injury.
- Keep the scraper out of reach of children and vulnerable individuals.
- Regularly inspect the tool for any signs of damage or wear before use.
- Use the scraper in a welllit area to ensure visibility during cleaning.
- If you experience any issues or concerns while using the scraper, cease use immediately and seek assistance.

## Specific Safety Precautions for Use

- Always ensure the rifle is unloaded before removing the bolt for cleaning.
- Do not use excessive force when turning the scraper, as this may damage the tool or the bolt tail.
- Avoid using the scraper on any other parts of the rifle or for purposes other than intended.
- If you have any medical conditions that may affect your grip or dexterity, consult with a professional before using the tool.
- Wear safety glasses to protect your eyes from debris that may be dislodged during cleaning.
- Do not use the scraper if you are under the influence of drugs or alcohol.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure your rifle is completely unloaded.
- Remove the bolt from your AR15/M16 rifle according to the manufacturer's instructions.

### 2. Using the Scraper

- Insert the bolt tail into the scraper.
- Turn the scraper clockwise gently. A few gentle turns should suffice to remove carbon buildup.
- After use, inspect the bolt tail to ensure it is clean and free of debris.

### 3. After Use

- Reassemble the bolt back into your rifle following the manufacturer's guidelines.
- Clean the scraper after use to maintain its effectiveness and longevity.

## Disposal Instructions

- Dispose of the scraper responsibly when it reaches the end of its useful life.
- Follow local regulations for the disposal of metal and plastic materials.
- Do not simply throw the tool away; consider recycling options where available.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the AR15/M16 Bolt Radius Scraper, please reach out to the appropriate contact in your region. Ensure that you have the product details and any relevant information ready to assist in your inquiry.

By following these guidelines, you can ensure the safe and effective use of the AR15/M16 Bolt Radius Scraper. Thank you for your attention to safety and happy shooting!
